

DUAL LEGAL ATTACK ON LEWIS

Court Told Scientist Confessed Atomic Aid To Russia

Dr. Klaus Fuchs
Trial Date Set
For February 28

Court Is Informed
Scientist Had Signed
Statement Of Guilt

By KINGSBURY SMITH
(U.S. Staff Correspondent)

LONDON, Feb. 10.—Dr. Klaus Fuchs, brilliant scientist, was accused formally today of confessing the sale of American and British atomic secrets to Russia in "unswerving devotion" to Communism and immediately ordered to stand trial February 28.

Prosecutor T. Christmas Humphrey, who described Fuchs as a man with a "deliberately divided mind," presented the crown's case in the form of alleged confession and asked Chief Magistrate Sir Laurence Dunne to commit Fuchs to old Bailey criminal court for trial.

The defendant's attorney, J. Thompson Marshall, said he had nothing to say at this stage and would call no evidence.

Formally Committed
The judge then formally committed Fuchs for trial at the old Bailey session beginning February 28 and ordered him held in custody.

Humphreys had told the Bow street magistrate's court, where today's hearing was held, that Dr. Fuchs signed a "full statement of guilt." The be-speckled, mild-mannered physicist faces 14 years in prison if convicted.

At the Bow street hearing, a witness said that Fuchs told him his first espionage in the United States occurred when he passed information to a Russian agent in Boston, Mass., in February, 1945. The witness, Security Officer Michael Perrin, said that at the Boston meeting, Dr. Fuchs "passed technical information about the results of atomic research which would be of value to potential enemy."

Prisoner Sits Unmoved
The prisoner, who sat stolid and unmoved throughout the long hearing, was taken back to his cell in Brixton prison in the same "black maria" that brought him to court.

Two Soldiers In Kidnaping

Kidnaping Viennese
Paid For By Russia

VIENNA, Feb. 10.—(INS)—The U. S. Army announced today that two American soldiers have confessed receiving \$300 from the Russians for kidnaping a Viennese civilian.

The Army identified them as Sgt. John Finkley, 29, Brockton, Mass., and Cpl. Paul I. Abel, 26, Bolivar, Mo. Army legal experts are trying to determine whether they can be charged with working for a foreign power.

Kidnap Ring
An official announcement said the arrests "further proved" the existence of a Soviet-sponsored kidnap ring.

Evidence of the ring, the announcement said, first came to light on Jan. 10 when 12 Austrian DP's were arrested and admitted they had received immunity in the Soviet zone in exchange for kidnapping and delivering anti-Communists to the Russians.

Police records, the Army said, show that over 1,000 persons have been kidnapped since the occupation. The civilian kidnapped by the GI's was identified as Oswald Eder, a Romanian-born former German citizen who was once a Russian prisoner-of-war.

'Chutists Jump To Aid Of Plane Crew Down In Yukon

WHITEHORSE, Y. T., Feb. 10.—(INS)—Whitehorse search headquarters today lost all radio contact with 15 men stranded in sub-zero weather in the wreckage of a C-47 and with two ground parties sent to their rescue.

Ten of the 15 huddled in the twin-engine search plane were U. S. and Canadian airmen, part of the extensive hunt for a C-54 missing 15 days with 44 persons aboard. The five others were 'chutists who jumped to their side late yesterday.

Doctor Makes Jump
Two of the parachutists were American air force men, including a doctor, and the other three were RCAF men. All had volunteered along with a sixth man—to make the perilous leap.

RCAF Squadron Leader Mackie of Edmonton, pilot of the jump-plane, said the first to leap was an American air force flight surgeon, Major J. Baczewski, who stepped out into space, shouting: "After me!" He was followed by U. S. air force staff sgt. Frank Serwatka of Washington, Pa., and then the three Canadian airmen jumped.

One RCAF man acted as jumpmaster and thus was unable to make the jump for which he had

Bricker Thinks Russia Got All Bomb Secrets

Congressman Says
This Is Indicated
By Fuchs Hearing

WASHINGTON, Feb. 10.—(INS)—Sen. Bricker (R) Ohio, declared today that Russia "very likely" got all of the Los Alamos, N. M. atomic laboratory's vital weapons secrets through British scientist Klaus Fuchs.

Bricker, a member of the congressional atomic committee, said this was indicated by the disclosure at Fuchs' hearing in London that he met Soviet agents at frequent intervals.

Sen. Tydings (D) Md., another committee member, said that the congressional group has been informed that Fuchs "made frequent contacts" with Russian agents and told them "everything he knew"—and that was considerable.

Committee Informed
Bricker said that the atomic committee previously had been informed of all information that the disclosure at Fuchs' hearing in London brought to light today in the London court hearing on the Fuchs case.

The senator said that Fuchs had access to the most vital weapons secrets as a member of the Los Alamos laboratory staff.

Bricker was asked if the disclosure that Fuchs is accused of making frequent contacts with Communist agents during the period in which he was at Los Alamos meant that all the atomic secrets went to Russia. Bricker replied:

"Very likely. That's what I am afraid of."

Sen. Knowland (R) Calif., said that the Russians "may have gotten" all the hydrogen bomb secrets that were available at that time.

Three Escape At Rockview

BELLEFONTONE, Pa., Feb. 10.—(INS)—Scores of state police and prison guards today were combing nearby woods and mountains for three prisoners who escaped from Rockview Penitentiary.

The convicts slipped away in the darkness last night as they were walking with a work crew to the prison dairy barns outside the stockade walls.

Deputy Warden C. C. Rhoads said there were no other details of the escape. The three men were assigned to milking chores. The barns are situated near Rhoads' home.

He identified the men as Harry Setzer, Jr., 20, of Wingate, Centre county; Charles E. Clark, 30, Uniontown; Fayette county; and Burton B. Hubler, 20, of Clearfield county.

The three escapees were all serving terms for burglary and larceny.

Snow And Colder Saturday Forecast

(By International News Service)

The weather bureau reported mostly cloudy weather for Western Pennsylvania today, tonight and tomorrow with high temperatures today around 45.

Temperatures in the low thirties will prevail tonight. Snow flurries and colder weather were forecast for tomorrow.

Committee Of Congress Takes Up H-Bomb Cost

Joint Congressional
Atomic Committee
Ponders Cost Problem

By FRANK B. ALLEN
(U.S. Staff Correspondent)

WASHINGTON, Feb. 10.—The cost problems of this year's hydrogen bomb program come before the joint congressional atomic committee today.

Chairman McMahon (D) Conn., called atomic energy commission members to a closed-door session on "budget matters"—which inevitably include the question of how much is to be spent this year on the hydrogen program.

Before the house appropriations committee is a budget calling for \$17 million dollars in cash and contract authority for AEC. It was sent to congress before President Truman announced the vital hydrogen decision on Jan. 31.

Plane Problem Also
At the same time, it was disclosed that congress also must deal with the problem of a bombing plane capable of carrying the hydrogen bomb.

An armed services committee senator said flatly today that the military branches do not presently have a plane big enough to "deliver" it against an enemy. He declined to be quoted.

Ingrid Bergman Given Divorce

Some Doubt Cast On
Mexican Divorce Status

ROME, Feb. 10.—(INS)—A delighted Roberto Rossellini said today he is "alerted and ready to marry within 24 hours, if possible," now that Ingrid Bergman has secured a "mail-order" Mexican divorce from Dr. Peter Lindstrom.

The 43-year-old Italian director, who claims fatherhood of the actress' eight-day-old son "Roberto," said his lawyers were arranging a "special rush procedure" for a civil wedding, since normally posting of the bans in Italy takes three weeks.

Doubts Are Cast

NEW YORK, N. Y.—In custody of Missouri parole board officer James Farmer (left), Roland Yinger turns to wave goodbye to his wife, Vergie, who holds their "Mid-Century Twins"—one born before New Year's and the other after 1950 was rung in. Heart-rending scene took place in court where Yinger abandoned his fight against extradition to Missouri on parole violation rap.

NURSE REACHES MAROONED PATIENT BY HELICOPTER FLIGHT

ONTAREY, ARK.—A Coast Guard helicopter flew a Red Cross nurse to a patient ill with pneumonia and completely cut off from air due to the floodwaters of the St. Francis river. Picture shows Coast Guard Lieut. Fletcher W. Brown, Jr., roving nurse Mrs. Mary Jane Crane of the local Red Cross to an abandoned hotel, where Mrs. Ester Taylor, ill with pneumonia, and many others had been forced by high waters. Pilot Brown landed the helicopter on a 15-yard-wide railroad right of way. The only land in the area not flooded.

College Students Continue Non-Stop Revival Program

(BULLETIN)

WHEATON, Ill., Feb. 10.—(INS)—Wheaton College's religious revival meeting ended today after more than 39 hours of public testimonials, prayers and singing of hymns.

Dr. Victor Raymond Edman, college president, told the praying students that classes would be resumed following regular chapel services this morning.

WHEATON, Ill., Feb. 10.—(INS)—A non-stop old-fashioned revival meeting of hundreds of hymn-singing Wheaton college students neared its 40th hour this morning and classes were suspended for the second day in a row.

There was no indication when the gathering—which developed suddenly Wednesday night from a regular worship service in Pierce Memorial chapel—would break up.

Townpeople Join

Wheaton townspeople and Cook county residents drove to the campus to join in. A carload of students arrived from the University of Chicago.

By this morning, most of the school's students and many faculty members had "testified"—but many recalled other sins and took the pulpit for a second or even a third time.

Between testimonials, the crowd

Two Homes In City Robbed

Jewelry And Money
Taken By Thieves

Burglars robbed two homes while families were away Thursday night, and jewelry valued at \$1,170, and cash amounting to \$119 was stolen. The burglaries were both committed, apparently by different gangs, prior to 10:25 p.m. when both families returned to their homes.

The homes burglarized were: J. C. Blim, 318 Park avenue; John Oprean, 1019 Beckford street.

The Blim residence was looted of jewelry, consisting of rings, watches, earrings and a necklace to the value of \$1,170. Forty-five dollars in cash was taken.

At the Oprean residence \$30 was taken from a piggy-bank, and \$44 was stolen from elsewhere in the house.

Family At Hospital
The family of Mrs. J. C. Blim, who is in a hospital, left in the evening to visit her. They returned to the home at 10:25 p.m. and discovered the burglary.

Police Lieutenant Rigby and Policeman Kovach found a brick had been used to break a dining-room window. A short ladder which is owned by the Blim family, was used by the burglars to enter the window.

At the Oprean residence, 1019 Beckford street, the burglars used a skeleton key to unlock a basement door, while the occupants were absent. Upon their return at 10:25 p.m. they found a piggy-bank had been broken and robbed of \$30, and \$40 stolen from a dresser drawer. Four silver dollars were also stolen.

Jewelry was not disturbed, which caused police to express the theory the two burglaries were committed by two different sets of burglars.

Chinese Communist Leader Has Reception

MOSCOW, Feb. 10.—(INS)—One of Russia's biggest post-war receptions was held last night in the Kremlin in honor of Chinese Communist Leader Mao Tse-Tung.

Among those present were Chou En-Lai, the Chinese Communist premier and foreign minister; Soviet Politburo members V. M. Molotov, A. I. Mikoyan and Andre Vishinsky, eight Soviet deputy premiers and 12 cabinet ministers.

Premier Stalin was not at the reception which was given by N. M. Shvernik, president of the U. S. S. R.

Fact-Finding Coal Board Near Completion Of Report That May Speed Strike End

One Injunction On
Contract Is Granted
Against Miners' Head

By PHILLIPS J. PECK
(U.S. Staff Correspondent)

WASHINGTON, Feb. 10.—John L. Lewis faces a double-barreled government legal attack today—one injunction to curtail his contract demands and another to end the strike of 400,000 soft coal miners.

Federal Judge Richmond B. Keach granted the government's request for a court order to force the United Mine Workers president to drop illegal contract terms in future negotiations with the mine owners.

He directed National Labor Relations Board attorneys to prepare the injunction and present it to him for signature, possibly today.

May Ask Anti-Strike Move
President Truman may give Attorney General McGrath the signal this week-end to go into court—perhaps before Judge Keach again—to ask for the second anti-strike injunction to send the miners back to work for 80 days.

Keach's initial decision is not designed to restore coal production immediately.

It is aimed only at prohibiting Lewis from calling strikes or three-day week slowdowns in support of contract demands which the court held illegal.

Lewis can abandon the objectionable terms, however, substitute other demands and working conditions and continue the present walkout without subjecting himself to contempt action.

Moreover, NLRB officials said the union can carry Keach's ruling to the Circuit Court of Appeals and request a stay of enforcement of the order until the higher court reviews it.

Decision Is Hailed
Coal operators hailed Judge Keach's decision as vindicating their refusal to meet Lewis' 1949-50 contract proposals. It strengthened their bargaining position but may not speed peaceful settlement of the nine-month-old coal wage fight.

Keach himself said the court is "clearly conscious" that its decision will not necessarily make for a rapid and amicable negotiation of an agreement.

Members of President Truman's coal fact-finding board declined to comment on the court development. Prior to the ruling, the panel got Lewis and the operators together in eight hours of intensive bargaining but failed to break the contract deadlock.

The three-man board is now

American To Face Budapest Trial As Spy

(BULLETIN)

BUDAPEST, Feb. 10.—(INS)—Hungary announced today that Robert A. Vogeler, American businessman held incommunicado by the Communist Budapest government since November, will be tried as a spy on Feb. 17.

The ministry of justice said that the 38-year old communications company official, will appear before the Budapest criminal court on charges of espionage and sabotage.

The communique stated that Edgar Sanders, a British businessman, and five Hungarians will be tried at the same time for the same crimes.

Vogeler, a resident of Queens, N. Y., was arrested in mid-November. Hungary announced his arrest on Nov. 28, and charged that the assistant vice-president of the International Telephone and Telegraph Co. of N. Y. had confessed spying and sabotage.

Find Three Dead In Plane Crash

(BULLETIN)

GREAT FALLS, Mont., Feb. 10.—A ground rescue party fought through deep snow to the scene of a C-54 crash near Great Falls early today, and reported all three occupants of the aircraft were dead.

Paratroopers were dispatched from the Great Falls air force base to assist in bring out the bodies.

Names of the three crewmen were withheld pending notification of relatives.

The four-engined aircraft, on a routine flight from Great Falls, plowed into the crest of a mountain 15 miles northwest of Geyser, Mont., last night.

New Efforts To Save Coal Being Made In Nation

Wartime Brownouts,
Other Curtailments
Are Being Ordered

By TROY GARDEN
(U.S. Staff Correspondent)

PITTSBURGH, Feb. 10.—Wartime brownouts and stringent fuel conservation measures were the order of the day across the country today in a desperate effort to cut the nation's daily coal consumption of one and one half million tons.

State-Wide Action
Massachusetts and Indiana have already declared state-wide coal emergencies in the wake of the tightening fuel situation and the resultant creeping paralysis of industry.

The hard-hit railroads—ordered by the ICC to cut freight service 25 per cent from Wednesday's operations—have already drastically curtailed schedules.

The Pennsylvania Railroad has cancelled 130 trains so far and the New York Central System announced an additional 39 trains will be discontinued tonight, bringing its total of cancellations since January 8 to 233 trains.

State-Wide Brownout
In Indiana the State Fuel Committee has recommended a state-wide brownout but Gov. Henry F.

Says Reds Won't Seize Berlin

BERLIN, Feb. 10.—(INS)—U. S. High Commissioner John J. McCloy declared today "the Communists won't seize Berlin"—and even as he spoke the Soviets reimposed a slow-down on truck traffic to the divided city.

Commenting on reports that a Communist youth march on Berlin, set for Whit Sunday, May 28, is aimed at a "putsch," McCloy said:

"I am certain that on June 1 West Berlin will still be here and so will we."

The top American official in Germany said the U. S. would be obliged to the "counter-measures" if Soviet "arm-twisting" continued. He did not specify what the measures would be.

I'm thinking back for several months about my Uncle Tom Decatur who is, or so the neighbors say, quite a prognosticator. He knows when weather will be tough when his winters will be long, and as he combs his silky beard he claims he's never wrong. He said this winter would be tough with snow piled eight feet high with ice encrusting every pond and more snow in the sky. The squirrels were the signs he took, but this I'd like to say, the squirrels and my Uncle were wrong, it's forty one today.

Four Are Hurt In Auto Crash

New Castle Residents Injured In Mercer Co.

(Special To The News)
SHARON, Feb. 10.—Four persons were in Buhl hospital today of injuries suffered in a pre-midnight collision of two autos at Hermitage, east of Sharon. The injured are reported in fair condition and were identified as:

Frank Babin, Mercer, R.D. 7, Ross Abbott and his wife, Selena, of West Washington street extension, New Castle, and Mrs. Hannah Raub, of 229 Northview avenue, New Castle.

The woman were passengers in Abbott's auto.

X-Rays were ordered for all of the injured to ascertain their injuries. They were badly bruised and shaken up.

Babin was driving a new car, sustained a fractured nose. He was thrown out of the car, and was unconscious when aid reached him.

Babin was returning from a lodge meeting at Sharon, and was driving east on U. S. Route 62. Abbott was driving south on Route 18. He was enroute from Greenview where Mrs. Raub received treatment for an infected hand.

The cars apparently met in the middle of the intersection. Babin's car spun around, was hurled over a culvert and stopped against a pole. Both autos were damaged considerably.

State police are investigating the accident.

GIRL CUTS THUMB

Miss Dolores Brown, aged 13 years, of 436 Neshannock avenue, was treated at the Jameson Memorial hospital at 5:45 p.m. Thursday, for a laceration of the right thumb, received when she put her hand through a pane of glass at her home.

WOMAN BREAKS WRIST

Mrs. Iris Abdoe, of 339 Neshannock avenue, was treated at the Jameson Memorial hospital at 11 p.m. Thursday, for a fracture of the left wrist, received when she fell while roller skating at The Arena.

Shanghai Bombing Protest Made To U.N.

(BULLETIN)
LAKE SUCCESS, N.Y., Feb. 10.—(INS)—A protest to the United Nations received from Shanghai reported today that "hundreds" of persons were killed and heavy damage caused to public utilities by Nationalist Chinese bombings on February 6.

The protest, forwarded to U.N. Secretary General Trygve Lie through the Shanghai U.N. information center, said that a large section of the city is now without light and water supply is short.

Seventeen foreign groups in organization to club, church and civic organizations signed the protest.

Six Hour And Half Speech Made In U.N.

LAKE SUCCESS, N.Y., Feb. 10.—(INS)—United Nations delegates have a new record in the longest speech made at the U.N. by Pakistan's Sir Mohammed Saifullah Khan yesterday at 6 hours, 22 minutes.

Sir Mohammed required three separate meetings of the U. N. Security Council for his Marathon speech, an argument, not a filibuster, on the India-Pakistan dispute over Kashmir.

In setting the record, Sir Mohammed broke the previous mark of five hours, 23 minutes, set on Jan. 16-17, 1948, during the Palestine debate—by himself.

INGRID BERGMAN GIVEN DIVORCE

(Continued from Page One)

Mexican lawyers cast doubts today on whether the "quickie" divorce would have status anywhere but in Mexico.

An El Paso attorney termed it "worthless" and "fraudulently obtained since neither appeared." He referred to the fact that Miss Bergman was 7800 miles away, in a Rome maternity clinic, and Lindstrom was 800 miles distant in Los Angeles, when the Juarez court acted.

Lindstrom, noted surgeon and father of Ingrid's first child, 11-year-old Pia, did not contest the Mexican action but plans a suit of his own in California. The physician could not be reached for comment.

DR. KLAUS FUCHS TRIAL DATE SET FOR FEBRUARY 28

(Continued from Page One)

and a cluster of photographers with popping flashlights watched that small closed truck drive away in a drizzling rain.

While February 28 was set by Magistrate Dunne, the date may be changed by the old Bailey trial judge in consultation with the crown and defense.

Fuchs—previously named by FBI Chief J. Edgar Hoover as a "paid agent" of the Soviet Union—was said by Humphreys to have "deliberately" broken his mind in two, making himself a Jekyll-Hyde character.

Passed On Information

Humphreys said that Fuchs passed on vital atomic information "at frequent intervals," knowing that it would fall into Russian hands, while at the same preserving his normal exterior of friendliness and loyalty.

The prosecutor said: "Clearly, an oath of allegiance meant nothing to a man whose mind was irrevocably wedded to Communist principles."

Humphreys called witnesses who testified that the defendant admitted his guilt. The prosecutor said that on one occasion, Fuchs said personally at the Soviet embassy in London's Kensington palace gardens.

As "symbolism" for his devotion, Humphreys said, the scientist in 1946 received 100 pounds sterling (\$404) for his work.

Devotion To Communism

Throughout Humphreys' long and detailed story of Fuchs' alleged crimes there was a steady reference to his "unwavering devotion to Communism" although one witness testified that Fuchs said he does not believe in it "as practiced in Russia today."

Fuchs was described by Humphreys as a man with a "rare" type of brain whose talents were needed by Britain in the bitter years. The prosecutor said he signed two security statements, pledging loyalty, but nevertheless—and on his own initiative—made contact with Soviet and other agents to pass on his vital information.

Humphreys said he could not disclose just how much data was passed along by Fuchs to the Russians.

Humphreys quoted the defendant as saying: "I accepted the (atomic research) job knowing nothing of what the work was when I learned about the purpose of the work I decided to inform Russia and establish contact through another member of the Communist party."

A crown witness testified that Dr. Fuchs had admitted passing information to the Soviets while in New York in 1944, at the atomic proving grounds at Los Alamos, N. M., and in London after his return to England from the United States.

NEW EFFORTS TO SAVE COAL BEING MADE IN NATION

(Continued from Page One)

Schricker has said he would not take any action for several days. Gov. Paul A. Dever of Massachusetts, however, has appointed an administrator with full authority to redistribute coal within the state and divert coal in transit if necessary. The Governor took his action after being informed that the state's coal supply would run out in ten days.

The mayor of Buffalo—faced with a seven-day supply of coal—reconvened the city's wartime emergency fuel committee to lay plans to meet the crisis.

More Cuts Planned

So far some 35,000 workers—in addition to some 450,000 coal miners—have been made idle by the strike. Most of the layoffs—an estimated 30,000—have come from the railroads with an additional 5,000 affected in steel and other industries.

Major cuts are planned by many companies for next week when depleted fuel stocks will reach a critical point.

Retail fuel dealers in Chicago who had been limiting coal sales to one ton lots slashed the rations to half a ton, and the city cut heat to the public schools.

New York City Has Coal

New York City seemed to be in better position than most. The Consolidated Edison System—the city's largest power supplier—estimated it had enough coal to last a month. The City Board of Transportation said that it thought it would be able to generate power for the city-owned subways for an even longer time than that with its present coal supplies.

The Michigan state capital at Lansing put a brown-out in effect last night and Anderson, Ind., with a population of 40,000, planned to begin a dimout this evening.

Elsewhere in Indiana, the small town of Delphi closed its schools yesterday because of lack of fuel.

NEW PRESIDENT TO BE INDUCTED

(Continued from Page One)

Weakland, Sylvia B. Wilson and Dr. Georgiana Wylie.

Tentative Plans

Tentative plans call for the inaugural and induction ceremony in the chapel at 10:30 a.m.; a luncheon for the delegates at 12:30 in McKee Hall; an informal reception for students, faculty, alumni and friends in McCarthy Library at 8 p.m.

Dr. Lee, a member of the Geneva faculty for more than 31 years, was appointed acting president in December, 1948, following the death of the late Dr. McLeod M. Pearce. He was chosen president in September. He had previously served as dean of the college for 26 years.

Four Bullets Foil Robber

BRADDOCK, Pa., Feb. 10.—(INS)—Four bullets last night felled a would-be thief, whom police accused of trying to rob a retired Braddock businessman.

Surgeons operated on Wilbert John Kastle to remove bullets from his face, leg and right side. Braddock General Hospital authorities reported Kastle's condition was serious today.

Kastle, a Pittsburgher, and a companion, according to police, entered the home of Frank Amato in Braddock and demanded his strongbox. But Amato threw a jacket over Kastle's revolver, then fled to the kitchen.

He picked up his own gun there and fired at the pursuing hold-up man. Police said Kastle's gun foiled to fire and he dropped to the floor wounded. Amato took off after the companion thief who fled.

When Kastle, struggling on the floor, tried to reach for his revolver Amato's son, Frank Jr., fired a fourth slug into his body.

ious indications—including one by Armed Service Chairman Tydings (D-Md., on the senate floor—that the bomb "probably" will be too big for existing bombers to handle.

It is uncertain whether the amounts to be devoted to the hydrogen bomb will be pinpointed publicly in the atomic appropriations.

Some members—who have made guesses ranging from 100 million dollars to 300 millions as the cost of the first hell-bomb—have predicted that it could be financed merely by the juggling of funds.

volunteered. Maj. Baczewski made the leap in order to treat three of the marooned C-47 airmen who were severely injured.

Probe Weak "SOS"

Meanwhile, Commodore Martin Costello, commander of the North-western terminus of the joint U. S.-Canadian search effort, ordered his planes to investigate a weak "SOS" picked up by an amateur radio operator in South Dakota.

Bob Waggoner of Lead, S. D., messaged Costello that he heard an "SOS" Wednesday on a wave length that might have been used by the missing plane.

In Denver another radi "ham", Jack Wehner, said he picked up a strong international distress signal shortly after last midnight.

The missing C-54 disappeared while on a flight from Alaska to Texas.

Persistent reports of distress signals prompted the air force to ask all "hams" in the western U. S. and Canada to monitor for more information. The "ham" re-

ports will be sifted at Tinker Field, Okla., headquarters of the Air Force Airways and Air Communications Service.

However, little hope is held that the 44 aboard the missing plane are alive. Among the passengers was a mother and her child.

The downed search plane crashed on an icy Yukon mountain ridge in a virtually unmapped area. The 10 crewmen were spending their second night in the numbing cold. They fought off the 40-below zero temperature with fires built from wood dropped by other planes. Additional equipment and sleeping bags were dropped to the ground parties last night. Search headquarters feared serious frostbite injuries to the survivors and ground parties.

A helicopter will make a new attempt to land near the crash today.

Recommend Stromboli Not Be Presented

WASHINGTON, Feb. 10.—(INS)—The Board of the Allied States Association of Motion Picture Exhibitors today recommended to its 3,400 members that they not show the motion picture "Stromboli." The picture, directed by Roberto Rossellini, stars Ingrid Bergman.

SOCIETY & Clubs

CLUB DEPARTMENT MEETING ENJOYABLE

Conservation and Garden department of Woman's club was graciously received in the home of Mrs. Max Ludwig, 1504 Highland avenue, Wednesday afternoon.

The department enjoyed one of the most delightful and interesting talks of the season. Mrs. Lawrence Hemenway, speaker for the afternoon, was introduced by Mrs. A. C. Dietterle, chairman of the department. Mrs. Hemenway spoke on "Desert Cactus." The history and origin and botanical connections of cactus are unsolved problems. She told of the bewildering beauty of the flowers, yet how fantastically ugly plants can be. Cactus is native to the Western Hemisphere from Canada to Nova Scotia and British Columbia through the United States, especially the southwest. All but a few are confined to the dry desert of the New World. Mrs. Hemenway closed her delightful talk with the lovely poem, "Desert Lore," by Mary Emma Christy. Mrs. Thomas Allen read a paper on "How To Attract Birds," which proved most interesting.

Mrs. John Ingham gave a humorous poem called "My Garden Porcupine," of which she is author. Roll call was "My Favorite Hobby" and produced some lovely and very unusual articles made by the ladies.

Tea was served from a beautifully appointed table centered with tall cream colored candles, red tulips and baby asters. Mrs. A. C. Dietterle served in the absence of Mrs. C. R. Brenner, president of Woman's club. Hostesses were Mrs. R. W. Brehm, Mrs. H. E. Wiand, Mrs. Ralph Newingham, Mrs. C. L. Brennerman, Mrs. C. C. Aiken, Mrs. F. G. Bollinger and Mrs. E. F. G. Harper. Plans for the April meeting are in charge of Mrs. H. D. Harlan and Mrs. C. L. Brennerman.

Hasta LaVista Club
Mrs. Lewis Perrotta, 100 Lafayette street, received the Hasta LaVista club, Thursday evening, and plans were made for an anniversary party. It will be held at Villanova Inn.

A door prize was captured during the evening by Mrs. Ben Giancola. Special guests attending were: Miss Frances Lombardo and Mrs. Anthony Perrotta.

At the close of play, the hostess served a tasty lunch, aided by Mrs. Joseph Scarnati.

MISS ERMA J. MAGEE WEDS J. HOHMANN

Miss Erma Jean Magee, daughter of Mr. and Mrs. Carl Magee of R. D. 2, Volant, became the bride of James F. Hohmann, son of Mr. and Mrs. Fred Hohmann, R. D. 2, Volant. Vows were exchanged in the Plaingrove Presbyterian church on January 25 at 7:30 o'clock, with Rev. Fred Cochran officiating. The single ring ceremony was used.

The bride was attractively attired in a white satin gown. Her fingertip veil fell from a crown of pearls and she wore a strand of pearls. She carried an arm bouquet of white roses.

As her sister's maid of honor, Miss Hazel Magee wore an aqua colored gown and carried an arm bouquet of red roses.

Jerome Hohmann served his brother as best man.

"I Love You Truly," "The Lord's Prayer" and "Because."

A reception was held at the bride's home at 8:30 for 70 guests. Later in the evening the couple left for a wedding trip through the southern states. They are now at home at the groom's farm at R. D. 2, Volant.

The bride is a graduate of the Grove City high school, and the groom is a graduate of the Plaingrove high school.

ROUND-UP CLUB VALENTINE PARTY

Mrs. Paul Lombardo, president, presided at the Valentine party held by members of the Round-Up club, Thursday evening in the South Mill street club rooms.

Secret pal exchanged Valentine gifts early in the evening. Later canasta and contests were featured with prizes being awarded. Mrs. John George captured the club token.

Attending as special guest was Mrs. Frank Pacelli. A delicious lunch was served by the hostesses, Mrs. Clotilda Ross, Mrs. Paul Lombardo and Mrs. Anthony Scopio. The Valentine motif predominated and a huge Valentine box centered the table.

February 23, is the meeting in the club rooms. Hostesses will be: Mrs. Angelo Colella, Mrs. William Russo, Mrs. Nick Tusciano, Mrs. Sam Bullano and Sue Genock.

TEMPLE SISTERHOOD TO HAVE LUNCHEON

Temple Israel Sisterhood will hold its monthly luncheon meeting at Temple Israel on Tuesday, February 14, at 1 p. m., with Mrs. R. Rubenson presiding.

JUNIOR WOMAN'S CLUB PLANS STYLE SHOW

Red and white valentine decorations were pretty appointments when Mrs. W. E. McGuire, 802 Wilmington avenue, was hostess to members of the Junior Woman's club on Thursday evening.

Plans were completed for the fashion show and bridge to be held by the club on February 16 at Strouss-Hirschberg's.

Mrs. Frank Robinson Jr. presided over the business meeting and Mrs. John Henderson gave the Club Woman's Creed. Reports were given by the various committees with the welfare committee reporting that they had provided clothing for children in eight needy families in the community. New members admitted to the club were: Mrs. Merle Birney, Mrs. Jack McNeill and Mrs. John Wilson. A donation was given to the American Heart Association.

Bridge provided the enjoyable recreation with honors going to Mrs. Dale Clobus and Mrs. Alfred Mellor. Valentine theme was carried out in the dainty refreshments. Associate hostesses were Mrs. Delbert D. Denniston, Mrs. William M. Boston and Mrs. Robert Martin and Mrs. Ernest Stitzinger.

A tureen dinner will highlight the next meeting and will be held February 23 at the home of Mrs. Reid Shiner, 323 Park avenue.

EAST SIDE GARDEN CLUB HAS LUNCHEON

February luncheon of the East Side Garden club members was held at the home of Mrs. Arthur Martin, Hillcrest avenue. She was assisted by Mrs. Glen Moore, and Mrs. Elmer Johnson, her daughter.

Table decorations were in keeping with Valentine Day, the centerpiece being a pot of beautiful white violets. Members answered to roll call by naming a bird which we find in this vicinity in the winter.

Mrs. Anna Dietterle, leader for the day, introduced Owen Fox who gave a very instructive and interesting talk on birds and their usefulness to mankind. Mrs. Harvey Bush, Mrs. Charles Phillips and Mrs. Elmer Johnson were guests. Mrs. J. A. Wilson of Morton street will entertain at the March meeting.

WOMAN'S CLUB GROUP WILL MEET MONDAY

Second meeting of the season of International Relations Department of Woman's club will be held Monday, February 13, at 2 p. m., at the home of Mrs. William L. Cosel, 215 North Jefferson street.

An interesting business meeting has been planned and a special program will follow with Miss Beverly Mikels, office secretary of the New Castle Motor club, slated to speak on her European tour and give her impressions of the continent.

A discussion of world events has been arranged. Mrs. C. J. Humphrey will be co-hostess at the tea. Mrs. Joseph Hartman, chairman of the department, will preside at the business session. All members of Woman's club are welcome.

MERCER MEMBERS TO HEAR SPEAKER

Mercer class will assemble in Highland United Presbyterian church Monday evening, Feb. 13, at 8:30 o'clock, when Harold Hadsell will speak.

Mr. Hadsell, manager of the DuPont plant here, will show moving pictures and tell of his experiences in Japan, having just recently returned from that country. Mr. Hadsell was honored when the DuPont company asked him to go overseas, the armed services committee having requested that someone be sent to Japan.

Mr. and Mrs. Lewis Dayton, Mr. and Mrs. Robert Vogan, Mrs. George Young and Mrs. Samuel Staats compose the committee on arrangements.

NURSES ALUMNAE PARTY CANCELLED

New Castle Hospital Nurses Alumnae Valentine party which was scheduled to take place on Monday, Feb. 13, in the Nurses' Home, South Mercer street, has been cancelled.

What's Trump Club

Members of the What's Trump club met recently at the home of Mrs. Julia Wojtowicz of Vogan street.

Cards were the pastime of the evening, with prizes going to Mrs. Martin Kolar and Mrs. Wilber Thomas. Mrs. Pearl Syranen received many lovely gifts in honor of her birthday.

The next meeting will be held at the home of Mrs. Marie Gerlach, Sunny avenue, on February 23.

Sisters Sewing Circle

Embroidery was a pleasing pastime when members of the Sisters Sewing Circle met at the home of Mrs. John Razzano Sr., 102 South Wayne street.

Mrs. William DeFelle won the club token and plans were outlined for new activities. Mrs. Adam Ranzucci and Mrs. Allan Isolda aided the hostess in serving lunch.

Mrs. Adam Ranzucci, Butler road, will be hostess for the next meeting on February 24.

TAU DELTA CLASS PLANS BANQUET

Members of the Tau Delta class of the Epworth church met at the home of Miss Pollyne Parker of Northview avenue.

Devotions were led by Miss Parker. During the business meeting, a committee was appointed to have charge of the church decorations at Easter time. Mrs. Humphrey Richards, Mrs. Will Druschell, Mrs. Gil Burgo and Mrs. Gilmore Smith will make up this committee.

Plans were made for the annual Mothers' and Daughters' banquet to be held in May, with the following committees appointed: tickets, Marjorie Clarke, Carrie Santillano and Sue Giancola; menu, Margaret McKissick and Marjorie Riney; decorations, Mrs. Walter Gilmore; Mrs. Howard Lightner, Mrs. Ernest Raulerson, Mrs. Clara DeLoria, Mrs. Elsie Brown, Miss Dorothy Depp, Mrs. Charles Chamberlain and Miss Gladys Gorley; program, Mrs. Gilmore Smith, Mrs. Gil Burgo, Mrs. Humphrey Richards, Mrs. Clara Roberts, Mrs. Will Druschell, Mrs. Robert Loy, Mrs. Joe Campbell, and Miss Mildred Lusk.

Two special guests at the meeting were Mrs. Charles Andrews of Detroit, Mich., a former teacher of the class, and Mrs. Harry Lash of Indianapolis, Ind.

The hostess served a dainty lunch at tables decorated in the valentine motif. Aiding were her sister, Mrs. Elmer Kerr, Mrs. Margaret, and Mrs. Job Hares.

HERSHEY AUXILIARY HEARS BOOK REPORT

Hershey Auxiliary of First Presbyterian church was privileged to hear Mrs. W. L. Wishart of Sharon give an excellent report of the book "Alternative to Futurity" by Dr. Elton Youngblood when they held their meeting at the church.

Dr. Robert F. Galbreath conducted devotionals and Carol Young sang "Teach Me To Pray". Tea was served in valentine appointments with hostesses being Mrs. Harold Harlan, Mrs. H. N. Drio, Mrs. C. E. Armstrong, Mrs. Jean Forrest, Mrs. Ralph Larry, Mrs. Margaret Brooks, Mrs. Earle Cass and Miss Margaret Sankey.

SPENDING POWER

President Truman sought to make political hay recently by stating that, if the Fair Deal plans were followed, the average family income in the United States by the year 2000 would be \$12,000 a year.

Whether he did make hay remains to be seen. It is questionable how many votes the promise will gather in. Few of those who are now voting will be interested in salaries when the year 2000 A.D. rolls around. And those now in their early teens or in their infancy cannot respond to the bait with votes because they haven't any.

What President Truman failed to mention was how much he expects a \$12,000 salary to buy in 2000. Will the scale of living then be based on 1900, 1940, 1950 or what year of what decade? This will make considerable difference. If the present system of deficit financing is continued, and there isn't an actual explosion long before the year 2000, then what a dollar will be able to buy at that time will be peanuts and only a handful of them.

Senator Martin, of Pennsylvania, predicted the other day that if things continue at present a dollar in the year 2000 will buy only an egg or two. In 1900 the dollar bought about eighty eggs—in 1950 it buys less than twenty. With the same rate of progression how many eggs will it buy in 2000 A.D.? Hardly enough for an omelet.

Wages have doubled since 1939, but so has the cost of living. There will be ups and downs, but the rise will be in proportion to the amount of money and credit outstanding and the value of the dollar unit. Look at the French franc. Once it was worth about 20 cents. Now it is a penny piece. The British pound, under Socialist codding, is slipping steadily in purchasing power. And so is our dollar although a lot of folks don't seem to realize it yet.

So the answer to Mr. Truman's average \$12,000 salary is how much will the dollar be worth? How many peanuts will it buy when the politicians get through with it?

EXIT ME-TOOISM

Insofar as least as the National Committee is concerned, the Republican Party has learned and taken to heart the lesson of the 1948 presidential election. The result of this awakening from political slumber is a platform which says something on its own account and which puts an end to the me-tooism that brought the Dewey campaign to disaster.

Most Republicans and many independents will welcome this declaration of independence, this revolt from the theory that it is possible to get votes by endorsing the other fellow's program and simply proclaiming that you are better qualified to do the job than he is.

That never won elections, and it is particularly out of place in a nation which clings to the two-party system of government.

The new statement of Republican principles has the virtue of proposing something that the electorate can get its teeth into. In raising the issue of liberty vs. socialism it hits the Fair Deal where its program is the most vulnerable.

In pledging a reduction in federal expenditures and taxes it reflects the judgment and hopes of a great majority of citizens. In demanding that foreign policy be something more than a one-way street it voices the growing conviction in many circles that the state of the world today is serious enough to command the attention of the best brains of the minority as well as the majority party.

In urging retention and improvement of the Taft-Hartley Act it gives excellent point to the current situation in the coal fields. In calling for united and constant warfare against communism at home no less than abroad it registers the feeling of all Americans who prize their security.

THE DEADLY FRUITS OF CARELESSNESS

Last year there was steady improvement in the nation's fire defenses, according to the National Board of Fire Underwriters. Yet the United States suffered a blazing series of serious fires, with heavy loss of life.

Worst of all was the burning of a steamship at its Toronto dock—118 died, most of them Americans. Second worst was the hospital fire in Effingham, Illinois, which took 75 lives. Thirty-two other major blazes, most of which could have been prevented, also caused exceptionally heavy destruction and many deaths.

In the opinion of W. E. Mallahan, general manager of the National Board, "Carelessness was a factor in most of the fires during 1949. Neglect of fire protection, poor housekeeping and lack of employee training in fire safety were the chief factors in making big fires out of otherwise small ones."

The total destruction marked up by fire for this single year should be sufficient to make anyone stop and think. Direct property loss came to more than \$667,500,000. That marked the first drop in annual losses since 1942—even so, it was only 6.1 per cent below the all-time record for destruction set in 1948. And total fire deaths exceeded 16,000—to say nothing of the other thousands including a high proportion of children, who were maimed and disfigured, some for life.

The National Board urges intensified efforts to prevent fire and save lives during the present year. Every intelligent American will agree to that and act on it.

Disarmament Conference Plan

The proposal of Sen. Millard Tydings that an international disarmament conference be convened for deliberations entirely separate from those of the United Nations evoked only slow and cautious reaction throughout the world today. But in its train came reports of a sincere desire in high-placed circles for a new approach toward preservation of peace now that the appalling destructiveness of the hydrogen bomb has been brought home to a troubled world.

Some Fresh Handling
President Truman is reported considering some such fresh handling of the problem. Moscow dispatches—censored and thus permitted to say only what the Kremlin wants to be said—insist that Premier Stalin remains ready at any time for a conference with Mr. Truman and is desirous of maintaining peace.

What all this may lead to is problematical in the extreme. But so far the Tydings proposal for a world meeting to discuss disarmament "down to the level" of the present is encouraging, to say the least.

U. S. Secretary of State Acheson in fact gently rejected the Tydings disarmament, proposal and Sen. McMahon's \$50,000,000 "peace crusade" on the ground that Russia never would write up such agreements even if written into treaties.

Idea Is Old One
The idea of doing away with weapons has been in the minds of Utopians probably since the first cave-men gathered with stone warclubs and formed an aggressive band to save themselves work by annihilating some neighbor group and stripping it of its meagre possessions.

But wars nevertheless have proceeded with dreary but terrifying regularity throughout the ages.

It was not until 1899 that the nations of Europe, bled deeply by constant wars but then engaged in yet another terrific armament race, convened at The Hague in an effort to work out some agreement.

The result was almost immediate failure. Intense nationalism and

The Parent Problem

By Garry C. Myers, Ph. D.

IF YOU ARE A GRANDFATHER

From the literature on grandparents one might infer that there are no grandfathers. In this column I've written of some bad grandmothers. I've also written of many good ones, more on the latter than the former. But I must admit that I've neglected Grandfather somewhat. Having eleven little grandchildren myself, I should at least give Grandpa honorable mention.

First, in order to balance some of the things I have said about bad grandmothers, I should also say a word about bad grandfathers. Like the grandmother, the average grandfather is somewhat inclined to let the child have his way when very young and to interfere with the parents to do likewise. Thus helping to spoil this child while he is very young, the grandfather may be annoyed with this same child's ways at twelve or fifteen. He even may be critical to the parents of the child and try to induce them to be more strict with him. (My bulletin, "Suggestions to Grandparents" may be had in a stamped envelope sent me at 235 East 45th Street, New York, N. Y.)

Physical Care
Since Grandpa usually does not take as much responsibility for the physical care and management of the little child as Grandma does, whether when visiting with the younger family or living in the same home with them, he may not as often feel the need of curbing this little tyke or winning his cooperation, as the grandmother will. The grandfather more often than the grandmother looks upon the baby or tot as an object for his own amusement. He therefore, is tempted to think of this little person as a plaything, even to "tease" the little tyke. Of course, there are many very wise and good grandfathers.

Now let me tell you of the good grandfather. He probably learned to help with the physical care of his own children when they were very young (say under five), or he acquired such skills and interest when the opportunity came. He really helps in the care and management of the little grandchild. In doing so he not only eases the load of the parents but he also gets to know the little child better and to enjoy him more as a person.

Reads to Child
He reads often to this little child. He answers his questions, goes walking with him, enjoys his creations with things and words, makes things with him and helps him gain new skills with tools. Instead of buying many sweets for this child now and as he grows older, Grandpa provides him with good books and children's magazines, good playthings and tools. He also creates ways for this growing child to have abundant fun with other children. Easily this companionable grandfather has helped the growing child learn to handle property with care and to use money wisely. (My bulletins, "Allowances," "Teaching Child Care," "Property" may be had in a stamped envelope sent me at 235 East 45th Street, New York, N. Y.) All the while this grandfather has won added affection and esteem from the child, and, therefore, has many opportunities to talk with his child of ways of doing right, when the youngster will welcome such talk and profit from it. Being a good grandfather can be fun.

BIBLE THOUGHT
For, behold, I created new heavens and a new earth: and the former shall not be remembered, nor come into mind. —Isaiah 65:17.

ancient rivalries made anything else impossible.

Eight years later, European delegates met for a second time at The Hague in the United Nations.

Negotiations Collapse
The collapse of negotiations was even swifter. And men of foresight realized that it would be a matter of a few years—perhaps even months—before civilization grappled with itself in a ruinous conflict.

That came in 1914. Then there was no hiding the fact that for the preceding 20 years, Germany had been building arms and ships with feverish haste and that Great Britain and France, in a belated effort to maintain their balance of power, tried to catch up and eventually succeeded.

Time and again after the First World War, efforts to reach a workable covenant were made. A vast American fleet was scuttled; solemn pledges were made that war was to be outlawed. Some times it seemed that the goal was in sight, and there were men who did not lose faith until the bitter end.

Conference Failed
That came in 1927 when a conference called by President Coolidge failed utterly. In the long passage of time as a whole it was only a matter of seconds until Adolf Hitler strode upon the scene in the wake of an already Bellicose Mussolini and the stage was set for another war.

Nationalism and rivalry always have been the main stumbling blocks to disarmament. But even in its most enthusiastic supporters admit that technical difficulties are enormous.

A general over-all disarmament "down to the rifle" as Sen. Tydings proposes, might overlook the needs of one nation against another.

It seems to be a general human assumption that potential enemies always exist. Accepting this as a plausible hypothesis, it follows that a nation like England, for example, depending so heavily upon trade with the commonwealth and protection of lifelines, needs a navy.

Then, as another nation builds commerce, it will need a navy also and then the question arises of what ships are required and of what tonnage and armament and who—in the final analysis—is the best judge of such things.

Nevertheless, a disarmament proposal would seem destined to attract public fancy if it seemed practical, especially at a time when popular imagination is running wild with the devastating possibilities of atomic weapons. There may be nothing to rumors of peace approaches. But the extent of their circulation makes it appear that something may be in the wind.

They Say

NEW YORK—President Carlos Romulo of the United Nations Assembly . . . "These advocates of restraint, accommodation and peaceful settlement are doing a great service for mankind for theirs are the true voices of peace."

LONDON—Winston Churchill . . . "Communism is a crime. Socialism is a mental disease, but, happily, not incurable."

WASHINGTON—Secretary of State Acheson . . . "If we could reach our goal by agreement (with Russia), of course, that would be highly desirable and the simplest and easiest way to do it. But I think every year of experience have brought us the realization that that is not possible."

PHILADELPHIA—U. S. Army Atomic Medicine Expert Col. James P. Conney . . . must emphasize that the ionizing radiation from the atomic bomb is not the primary or principal hazard. The destruction wrought by the bomb from the blast, heat and secondary fires are the paramount hazards."

We have had lots of fun with this column . . . talking about this and that . . . sometimes you agree with us and sometimes we agree with you . . . other times people like home talk to them and others like it when we are flatter them. We like all people . . . individuals and as groups . . . one group that we like a lot and we are sure you do too . . . is the Ne-Ca-Hi Band. A student up at Senior High sat down the other day and composed a few words in rhythm . . . The teacher liked the words and we did too and here they are.

THE NE-CA-HI BAND

This to the praise of the Ne-Ca-Hi Band. Where-ever there's music you'll find them on hand. They play and they march; they'll never go back. On our favorite colors, the red and the black. They practice long hours in support of the team. They do a fine job, as you surely have seen. They march in the cold and play in the wet. In the mud and the snow, they've not failed us yet. So the next time you see them, they proudly march by, Cheer loud and cheer long for New Castle High.

ZERO HOUR IN THE POLITICAL COALSHED

Washington Calling

(By Marquis Childs)

Recent Republican Rally

WASHINGTON, Feb. 10—The Republicans are understandably pleased over the success of their box-supply rally. Even those who are not in the party who expect little good from the top management noted the enthusiasm and especially the presence of so many young people at the crowded meeting.

One Republican cynically noted, "If you give away the tickets and offer a chicken supper and Fred Waring, naturally you're going to have a lot of people and they're going to have a good time." Large blocks of tickets were distributed among secretarial staffs on Capitol Hill. But stage-managing has a part in politics as well as show business and the end result was a rousing performance.

Policy Statement As Expected
How far the rally may have advanced the party toward victory this fall it would be hard to say. The statement of policy was no more and no less than what had been expected—a collection of noble generalizations with a few barbs thrown in for good measure.

The fact is that there is only one national office to which the individual is elected by the people at large on a national platform and that is the presidency. Each member of Senate and House must run on his own voting record and as a representative of his state or district on his own platform. That makes the policy statement somewhat superfluous as a prelude to a general election.

The divisions within the party were nowhere better illustrated than in the timid agricultural plank. The vagueness is the more striking when put alongside headlines describing the struggle to dispose of surplus farm products held off the market in order to sustain prices.

What Plank Provides
The plank calls for: "A program to provide a fair price for the farmers' products in the market place aided by a system of price supports and by protection against the dumping of competitive commodities produced by underpaid foreign labor, to the end that the farmer's standard of living will be in line with the contribution he makes to the national economy."

So far as the average farmer goes, this is equivalent to a ringing declaration against sin and the common cold. It represents a compromise calculated to cause the least offense to the two poles of farm opinion. On the one hand are powerful midwestern Republicans closely allied with major farm organizations who want high, fixed price supports. On the other side of the argument is Senator George Aiken of Vermont and those who think like him. Aiken favors a more comprehensive system with flexible supports. He is convinced that to diminish the farmer's market.

Aiken was determined to get included in the farm plank a declaration for Farmer Co-operatives. He argued insistently that buying Co-ops and insurance Co-ops were helping the farmer to hold down his costs in the face of a steady rise in the prices of the things the farmer must buy. And this rise, as Aiken pointed out, coincides with a decline in the price of many of the products the farmers sell for sale.

Friction Committee
The idea of endorsing Co-operatives in the face of a drive from certain business interests, focused in the National Tax Equality Association, to put new taxes on Co-ops frightened the policy

committee. What finally came out in the plank was an endorsement of "Sound Co-operative marketing." The marketing Co-ops are not under the same kind of attack from business.

Aiken also fought for endorsement of the rural electrification program. Here, too, there was opposition. After two close votes, the committee came out for "completion of the rural electrification program."

When the Senate Republicans met to consider the statement, there were a number of absentees. On a voice vote seven or eight Senators voted no. Some took satisfaction from what had been eliminated in early exchanges between standstoppers and those who believe the GOP must look forward with a positive program. Support for Illinois' national committee-men Werner Schroeder's denunciation of the bipartisan foreign policy was almost nil.

Lodge Shows Leadership
Once again Senator Henry Cabot Lodge of Massachusetts showed his capacities for leadership. Appointed to the Senate subcommittee to draft the statement, Lodge never pulled his punches. Flanked by Senator Owen Brewster of Maine and Senator Kenneth Wherry of Nebraska, he stood up for the views of the Senate faction that has become increasingly determined and articulate.

Both major parties have the unity of a circuit tent in that they cover a variety of performance and opinion. One thing this latest GOP effort showed is that the center ring, where the old guard has held forth so long, now has determined competition.

End Of World Near?

(By HOLMES ALEXANDER)

WASHINGTON, D. C., Feb. 10—Got any wild ideas? Been on a trip to the moon lately? Dreamed anything so weird that you don't even dare tell your psychiatrist? If the answer is yes to any of these queries, call up your Senator and tell him about it. Maybe it'll stimulate his mind and produce a new scheme to save the world from the H-bomb.

Fantastic is an understatement for some of the schemes already aired, publicly and privately. They prove, if nothing else, that official Washington is close to panic on this dread subject. Surely it is a sign of the times that hardly anybody now bats an eye over suggestions which caused loud guffaws and angry protests a little while ago.

Some of Proposals Made

There's Senator McMahon proposing a \$50 billion WPA to win the friendship of Russia. (Some of us were shouting for the lunatic wagon when Henry Wallace suggested the same thing in 1948 and since.) There's Senator Pepper advocating a world-wide FBI to look for spies everywhere. (Only last summer many of us were deploring the FBI's snoop-methods in the first trial of Judy Coplon.) There's Defense Secretary Johnson boasting (or was it actually a proposal of war?) that we can "lick the hell" out of Joe Stalin. Time was when a crude remark like that would be likened to Big Bill Thompson's campaign promises to "punch King George V in the snoot." But even the kid-glove highbrow and town did not react with horror over Johnson's indelicacy. There are plenty of highbrows who believe we should launch a preventive war—now!

Plans To Save The World

Meanwhile the Senate Foreign Relations Committee is conducting hearings on six separate plans to save the world by setting up a super-government. There are various shades of meaning and avenues of approach in the schemes by Clarence Streit, Ely Culbertson, Cord Meyer, Jr., and others. But their ideas all have a common purpose. It's to prevent the crazy human race from committing suicide.

For reasons unknown (possibly because they're dreaming up new proposals) the big guns of the Foreign Relations Committee haven't been much in attendance at these hearings. Where's Senator Connally, the fun-loving chairman? Where's the all-time Senator Vandenberg whose muscular mind would roll some of the witnesses under the chair? Where's the brilliant Senator Lodge, the cost-conscious Senator Byrd, the disarmament-conscious Senator Tydings?

Lesser Intellectuals Appear

No, the lesser intellects of the famed Committee are the only ones who show up regularly for these hearings—and perhaps that's as it should be. The dread of the H-bomb is so real and insistent that it doesn't take great minds to understand it. You turn your attention from the committee members and the witnesses to the silent, intent spectators at the rear of the room. Here on the faces of ordinary people you can read the puzzle of Mankind which holds a loaded gun to its head—and doesn't know why.

Well, what's wrong with the six legislative schemes plus the proposals of McMahon, Pepper and Johnson? Are they too visionary, too far-fetched, too high in the sky? Not at all. They aren't visionary, far-fetched and lofty enough. Washington is looking for an idea so utterly loony that it will match the loony situation in which the world finds itself. Has anybody developed a plan to slice the earth in half and to fling the Russian half out into space? Does anybody know how to de-hydrogenize the sun? Who's got the answer to the ancient riddle of why Man was born unto so much trouble as the sparks fly upward?

But last week I did talk to one Senator who remained serene and unbothered by the rising hysteria of the H-bomb. He told me in complete sincerity that he knew what the world was coming to. "I'm a Christian," he said. "I believe in the second coming of Christ—and I think this is it. All the sinners will be killed, and only the righteous will be here to see His coming."

That, of course, is a devout way of saying that the End of the World is at hand. Maybe it is, at that.

Looking At Life

By ERICH BRANDEIS

Vivien Kellems, the fiery Connecticut manufacturer, who is suing the government because she claims that the Internal Revenue people have no right to force her to withhold taxes from her employees, is at it again.

This time it is Men in general and Republican men in particular. In a speech before a lot of women at Hartford, she predicted that pretty soon fifty per cent of our Senators and Congressmen would be women.

She also accused the men now at the head of the Republican party of being a bunch of nincompoops, of not knowing what they are doing, and of aping the Democrats.

She said that, in her opinion, the Republicans would never again amount to anything unless the women took over and rejuvenated the party.

So here we have two points on which to make a few remarks. First—will half of our Congress really be women in the near future?

Some time ago I wrote a column in which I said that if a woman was good enough to be the mother of a President, a woman was good enough to be President. You should have seen the letters I got!

A few agreed with me. With the exception of one, all of those who did agree were men.

But the women—NO! With the exception of one or two none of the writers thought that a woman would make a good President.

The one, or two, who were in favor of a woman President was (or were) unmarried.

Mrs. Eleanor Roosevelt who—regardless whether you like her or not—certainly knows as much about politics and about women in politics as any woman in America has definitely expressed herself against a woman President. Nor does she seem to be particularly impressed with what women have done with their franchise so far.

Personally I would like to see more women in Congress and in high governmental places. They couldn't do worse than many of their male counterparts and they might do much better. She feeds them. However, when I say WOMEN, I mean feminine women. I don't have

much use for women with men's personalities. If women try to ape men, then I'd much rather have men than apes.

Now to Point No. 2 in Miss Kellems' exhortation of the Republicans.

In that I agree with her, although I have voted Republican ever since I have had a vote.

But, frankly, I don't know what the Republican Party stands for any longer.

I do know what it is AGAINST. But what is its 1950 and 1951 and 1952 reason for existence?

Why don't they tell us? Why don't they give us good reason why we should continue to vote Republican?

Where are their leaders? What do they have to offer the majority they need to get back into power? Why have they made such a poor showing since 1933?

Where? What? Why? Those are the questions. Who's got the answers? (Copyright, 1950, by United Feature Syndicate, Inc.)

Census To Lift County Rating

Lawrence Should Be Fifth Class

Unless all signs fail and a lot of prognosticators are as wrong as the pollsters were a while back, Lawrence county should be rated as a fifth class county after the 1950 census.

In order to rate fifth class a county must have not less than 100,000 population. There has always been an argument that all the county's population was not counted in 1940 or the fifth class rating would have been reached. As it was it just missed.

During the rationing period there were 145,000 cards issued to residents of Lawrence county. Despite deaths and some removals the total should be as high, although where the 145,000 went is a mystery. Estimates have been made ranging from 110,000 to 130,000 population now.

If the county does achieve fifth class rating it will make a difference in the salaries of county officials.

The district attorney's office will go to \$5500 (now \$4180), the commissioners and controller will go to \$4400 (now \$3300 plus \$1000 expenses), the county treasurer will go to \$5500 (now \$4400 plus commissions). The judges will go to \$14,000 (now \$12,000).

There are some jokers in the salary bill for fifth class counties. The prothonotary and clerk of court's salary stays at \$4400 which it now is. The office paid \$4000 back in 1923 before income tax and high living costs.

The register and recorder's salary stays at \$4400 but here's the kicker in this one. If the job were divided and we had a register of wills and a recorder of deeds, the former would get \$5500 and the latter \$4400. There are also fees connected with the office.

In the case of the sheriff there is a drastic difference between the income of the two classes. At the present time sixth class county sheriffs get \$4400 salary, usually his wife is the jail matron at approximately \$2000 and in addition the sheriff has the use of a home, all his utilities and heat furnished.

In a fifth class county the salary is \$4400 but his income and duties are reduced. The sheriff does not reside in the home owned by the county. This is used by the jail warden who is appointed by the pension board (the county commissioners). The board also appoints the jail matron.

The \$64 question is, does the change over come during the terms of the presently elected officials. Inasmuch as an elected official (save judges) cannot accept an increase in salary during their term, it seems logical that no decrease should be permitted. This would mean that no change would take place in the sheriff's office during the present term.

In the meantime all changes are contingent upon the census takers finding over 100,000 people. More than that many seem to be here, and it is hoped the census takers will find them all.

Valuables Lost In Post Office

Postmaster William R. Hanna believes that New Castle folks are mighty careless about their possessions.

During the past few months a big box filled with articles which were left lying on the tables in the post office have been found and turned in to his office.

These have been kept, awaiting identification, but there have been

no claimants and they will be destroyed within the next few days unless claimed.

Included among the articles are seven sets of automobile keys, three pairs of gloves, a ladies scarf, a pair of ladies unmentionables, a railroaders cap, brooch, a bracelet with a purple setting, three pairs of glasses, etc.

If anyone can identify any of these articles they should make claim at once as they are about to be placed among the waste materials at the post office.

229th Plans Dance On February 21

Plans have been completed by the 229th Field Artillery for a Washington's birthday dance, which will take place in Cunningham Armory on Tuesday evening, February 21.

This dance is open to all officers and enlisted men of the 229th, and their ladies. The only requirement

for admission is that the men be dressed in army uniform.

Both round and square dancing will be enjoyed and a good orchestra has been secured for the occasion.

WOjg William Peterson is chairman of the dance committee, the decorations are in charge of M/Sgt. Glenn Gordon and entertainment is in charge of Cpl. Lawrence Conti.

Invitations have been extended to the batteries of the 229th located in Grove City, DuBois and Punxsutawney.

Estimates Russia And Satellites Make 50,000 Planes Yearly

LONDON, Feb. 10.—(I.N.S.)—British Wing Commander who served in Air Intelligence during World War II estimated today that Russia and its satellites are producing 50,000 planes a year.

Wing Commander Asher Lee made his estimate in a book entitled "The Soviet Air Force." During the war, Lee's assignment was to estimate the strength of foreign air forces.

Arrest 14 More For Speeding

City police were exceptionally alert against violators of the city parking ordinance and speed law throughout yesterday and last night, 14 motorists having been arrested for violating the speed limit and 100 motorists received tags for breaking the parking ordinance.

Including Thursday's arrests, 45 motorists have been arrested for speeding and 489 have received tags for parking over-time, or in alleys, since Saturday.

Motorists have been warned time and again, according to police of parking in alleys, hence the order has gone out:

"Keep alleys, where parking is prohibited, clean of cars."

Voters League To Hear Councilman

The Voters League of Lawrence county, will have their regular meeting, Tuesday evening, February 14 at the Second Baptist church, North street at Norris way at 8 o'clock.

The speaker of the evening will be Councilman E. Gene Schweinsberg.

The following meeting, Monday, March 20, will be addressed by Attorney John S. Powers, assistant district attorney. The president, Charles Brandon announces that problems of public importance will be discussed.

Will Suspend Train After Saturday Run

Pennsylvania Railroad passenger train from Sharon to Pittsburgh, which passes through New Castle at 7:12 a.m. and 7:20 p.m., has been suspended for the duration of the coal strike.

The train will make its last run Saturday morning to Pittsburgh but will not return in the evening.

Senate Passes Bill For Economic Aid To Formosa And Korea

(BULLETIN)

WASHINGTON, Feb. 10.—(INS)—The Senate passed and sent to the White House today a bill to provide economic aid to Formosa and Korea.

The measure authorizes 60 million dollars in economic aid to Korea. It makes up to 100 million dollars available for assistance to anti-red Chines on Formosa between February 15 and June 30.

However, the state department has told Congress that only about 10 million dollars will be spent in Formosa between now and June 30.

The House passed the Korean-Formosan Aid Bill yesterday. The Senate without debate and by a unanimous voice vote put its approval on the bill which the House approved.

Chiropractors Have Meeting In Butler

Dr. Daniel Poupard, Pittsburgh, state chairman of the Public Relations committee, addressed the bi-monthly meeting of District Nine Chiropractors in the Willard hotel, Butler.

His appropriate talk on "State Public Relations" was enthusiastically received. Dr. E. F. Brown, Freedom, district public relations officer, commented on and explained the various phases of public relations in the Ninth district. Dr. Dale Caldwell, New Castle, reported on the activities of the newly formed State Chiropractic auxiliary. Plans were formulated to observe the first week in May as "National Posture Week" as designated by the International Chiropractic society.

A tentative plan for a dinner meeting, to be held in the Penn Beaver Hotel, Rochester, was set for April 2, at which time Dr. L. L. Reese, Rochester, vice president of the Pennsylvania Chiropractic society will speak on "Posture."

SHOT WHILE IN HOSPITAL BED

DALLAS, TEXAS—Herbert Noble, self-styled retired gambler, recuperating in Dallas hospital from gunshot wounds received on New Year's Eve, stares at bullet hole (arrow) in ceiling of his hospital room. Unidentified person fired shot into the room. Note broken blinds on window and covers now in use.

BEAVER TROUBLE

BEND, Ore.—(INS)—Beavers, headed by "an old fellow as large as a dog," face deportation because they're making nightly raids on fruit and ornamental trees for engineering and construction jobs. City dwellers are asking the beavers be trapped and removed to forest creeks where their dams help the watersheds.

Schools Assist March Of Dimes

Students Of City
And County Aid Drive

Among the most liberal contributors to the annual March of Dimes campaign, which is just being brought to a close, have been the students of the city and county schools. These two groups have given almost one-fourth of the total amount subscribed to date, it was revealed today by Peter Grizzle of the 1950 campaign.

The total today was \$8,180.92, with a few scattered returns yet to come in from the coin boxes. There have been some substantial individual contributions, and some nice contributions from local industries in the total reported so far.

Amounts Given

New Castle schools gave \$972.50. Mr. Grizzle reported, the Senior high school leading with \$144.50, closely followed by Arthur Magill, Rose avenue and Highland.

The amounts given by the various city schools, were as follows: North street, \$41.98; Highland \$93.26; Arthur Magill, \$106; Oak street, \$76.05; Croton avenue, \$43.52; Thaddeus Stevens, \$67; Rose avenue, \$103.57; Lincoln and Garfield, \$52.67; Pollock avenue, \$46.66; West Side, \$33.78; Mahoning, \$76.50; George Washington, \$62.54; Ben Franklin, \$24.50; Senior high, \$144.50.

Shenango and Mt. Jackson schools led the county contributors, with nice sums being reported from all the county schools. Their totals were as follows: Neshannock township, \$94.16; Shenango, \$155.41; Slippery Rock Twp., \$42.67; Ellipton, \$17.76; Wayne Twp., \$40.46; Mt. Jackson, \$108.27; Hillsville, \$75.69; New Bedford, \$28.70; Shenango-Taylor Joint, \$17.81; St. Joseph's, \$31.50; Hickory Heights, \$45.10; Sts. Philip and James, church, \$28.47; school, \$34.95; Bessemer, \$81.15; Enon Valley, \$32.96. In addition, a contribution of \$69.16 was received from the First Congregational church.

Try And Stop Me

By BENNETT CERF

Howard Thurston, one of the greatest prestidigitators in the business, had the devil's own time persuading booking agents to "catch" his act. A pair of them finally consented to watch him go through his paces at the old New York Theater roof garden one morning at ten. Thurston, feeling that his act would go over better before a crowded hall than it would in an empty one, promptly inserted this "ad" in the classified column of the Telegram:

"Wanted: 1,000 men for one hour at \$5 each. Apply ten a.m.

Wednesday at New York roof garden."

When the agents appeared for the run-through they were astonished to find the theater packed to the rafters. Thurston appeared in due course and announced, "Gentlemen, obviously somebody has gotten his wires crossed. While we all wait to get an explanation, how would you like me to amuse you with a few feats of legerdemain?" "Go to it," cried the crowd—and Thurston did. When the delighted agents slipped out, the audience was hollering for more. The next day Thurston received bookings for the entire season. (Copyright, 1950, by Bennett Cerf. Sensational 1950 Hudson On Display Today In City

Public display of the new 1950 Hudson is being made today in the showrooms of the Castle Garage, 217-219 North Mill street where several models may be seen by local motorists.

The Hudson company proudly presents the new 1950 super and custom commodore on which price reductions have been announced from \$87.50 to \$166.50. In addition to the price cut, the cars retain the exclusive "step down" feature and many more refinements and beauty.

The new Hudsons are only five feet high, yet have full road clearance and more headroom than in any mass-produced car due to the exclusive step-down design. Front and rear fenders have been absorbed into the body on the new cars and are continuous from headlight to tail lamp. Many features have been added to the new cars, including license plate mounting, lighted from both sides;

new full-view curved windshield and increased vision on the rear window.

Engineers have made many changes both inside and out which will attract the eye of the most discriminating purchaser. The Castle Garage invites the public to view the Hudson for 1950 which they feel is the car of the year.

Teachers Complete First Aid Course

Four Lawrence county school teachers completed the Red Cross instructors course in first aid during the past week.

Those completing the course are: Charles Balik and Mrs. Anna Earl, from Shenango; Mrs. Marian Ueber, Bessemer; Miss Mildred Sargeant, Croton.

The course puts special emphasis on the teaching of first aid in the public schools. All four teachers plan to apply the course in the near future in their respective schools.

The course was taught by Red Cross first aid instructor, Mrs. Leonard Cramer, with the assistance of Charles Freeland, Eastern area safety service field representative.

WITH NEW CASTLE AFRO-AMERICANS

South Side Prayer band will gather in the home of Mrs. Robert Austin, West North street, this evening at 8 o'clock.

Union Baptist Prayer band will gather in the home of Mrs. Mary Davis, 603 West State street, Saturday evening at 7:30 o'clock, instead of this evening.

Doris Sewing circle gathered in the home of Mrs. W. T. McDaniel, Mahoning avenue, Thursday evening.

The hostess was aided in serving lunch by her daughter, Miss Ruby McDaniel. Mrs. P. Williams, Mahoning avenue, will entertain Tuesday evening, February 14, at 7:30 o'clock.

Young Matrons of St. Paul's Baptist church assembled Thursday evening with Miss Aretha Hambrick as hostess. The guild will gather this evening in the church, where a "Heaven and Hell" social will be held Saturday evening at 7:30 o'clock. Lunch was served by the hostess.

It is estimated that the average person goes to the movies nine times a year.

NEWLYWEDS RETURN FROM WEDDING TRIP

Mr. and Mrs. Frederick Humphrey, Shields, after returning from their wedding trip, The couple was married on January 27 at a ceremony solemnized in the Trinity Episcopal church with Rev. Ralph E. Hovenkamp, officiating.

Mrs. Shields formerly Gladys Louise Coles, is the daughter of Mr. and Mrs. John W. Coles, 520 Wildwood avenue. The bridegroom is the son of Mr. and Mrs. Frank Shields, R.D. 2, Slippery Rock.

A blue gabardine suit was chosen by the bride. White accessories and an orchid corsage completed the costume. Miss Jennie Albano was maid of honor and Mauro Caputo was best man for the groom. Miss Albano wore a beige gabardine suit with green accessories and a corsage of gardenias and roses.

Miss Mary Stitt sang appropriate nuptial melodies accompanied at the organ by Miss Isabel Johnson.

A wedding reception was held at the home of the bride's parents immediately following the ceremony for approximately 75 guests.

Mrs. Shields is a graduate of New Castle high school and the Louise Salinger School of Dress Designing, Pittsburgh. She is employed by the Bell Telephone company. Her husband is a Portersville high school graduate and attended Slippery Rock State Teachers college. He is employed by the Prior Oil company, Portersville.

NORTH BEAVER CLUB DALE ANDREWS' HOME

Members of the North Beaver Garden club were welcomed at the home of Mrs. M. Dale Andrews of Mt. Jackson on Wednesday evening.

The club celebrated its 18th anniversary with Mrs. J. B. Brewster and Mrs. Andrews conducting the program. Activities of the past years were recalled by Mrs. William Davis and J. W. Fullerton. Two entertaining films were shown by Ralph Andrews.

Delicious refreshments were served by Mrs. Arthur Walker and Mrs. James Gardner. A social time and television were enjoyed by the members.

The next meeting will be held March 9 at the home of John F. Miller, with a special feature being a spring party.

POULTRY HIGH IN FOOD VALUE

When you choose to serve poultry, you have selected a food that has few equals when it comes to delicious flavor and appetite appeal. Its high food value and delicate flavor make it a favorite on the menu.

Poultry is high in food value. It is high in protein, necessary for building and repairing tissues. The iron and phosphorus it contains is important in building rich red blood, strong teeth and bones. Poultry also contains the B-complex vitamins, thiamine and riboflavin that help to promote growth and stimulate lagging appetites.

To maintain its high quality, poultry both uncooked and cooked, must be stored properly. Market dressed birds, which are not frozen, may be kept up to one and a half days wrapped loosely in waxed paper and store in the coolest section of the refrigerator.

Hard frozen market dressed poultry may be kept up to three days, loosely wrapped in waxed paper and stored in the coldest part of the refrigerator. At the end of this period the bird will be completely defrosted and should be cooked at once. Once thawed, do not refreeze poultry. Packaged hard frozen poultry may be kept several months in the freezer.

Cooked poultry should be put into the refrigerator promptly after the meal. Cover well to prevent drying out and absorbing odors from other foods. Never allow cooked poultry to stand in a warm room. It is best to use cooked poultry within three days. After that time it tends to dry out, it develops an "old" flavor and takes on refrigerator odors.

TIPS FOR SEWING WITH WOOL JERSEY

When making garments from wool jersey, the cutting and sewing procedure will be slightly different from the one followed for a firm material that does not stretch. To make it easier to sew with jersey, a few suggestions are offered:

Before cutting the fabric, press it with a damp cloth on the wrong side of the goods. Move the iron up and down, parallel with the rib instead of across.

Mark the natural straight of the goods by laying a ruler along a continuous rib, then mark this rib with chalk or basting thread. Be sure to cut the straight of the pattern on the natural straight of the goods. Lay the rib side of the material next to the pattern to prevent curling.

After cutting, run basting thread

along the edges to prevent stretching. Use No. 50 or 60 mercerized cotton thread and a No. 4 machine needle. Loosen the tension of the machine. Feed the fabric loosely into the machine to avoid pulling and stretching.

Seams may be pinked. Tape used on facings and hems is better than a double fold of the fabric.

Use reinforcing material where there will be strain, such as edges where the buttonholes and buttons are to be placed.

Around Hollywood

By FRANK NEILL

(International News Service Staff Correspondent)

HOLLYWOOD, Feb. 10.—Cecil B. DeMille, Hollywood's master producer for the past few decades, was knee deep in plans today for his next spectacle, "The Greatest Show on Earth."

The indefatigable DeMille has made arrangements to leave in August to join the Ringling Brothers Circus at its winter quarters at Sarasota, Fla., for background shots and research on life under the big top.

A group of cameramen and writers will accompany DeMille to make the director-producer's 69th picture as true to life as they come.

Second Jaunt

It will be the second jaunt with the circus for DeMille. Last year he toured with the show for several months and witnessed every performance in scores of one night stops throughout the country.

This season his schedule isn't as strenuous. He'll stay with the big top in Sarasota and then go on to New York with the circus for its 1950 curtain raiser in Madison Square Garden.

By that time he expects to have his complete story and thousands of feet of on-the-spot background scenes. Then they'll start shooting the picture in Hollywood for release in 1951.

Hedy and Burt

No names have been signed for the circus epic as yet, but Hedy Lamarr and Burt Lancaster have been strongly rumored for the leads. Burt, who was once a circus acrobat himself, is hottest contender for the male lead.

Hedy, who is bowling audiences over with her slinky portrayal of the lady barber in DeMille's super-spectacle, "Samson and Delilah," said that she'd like to don tights for the veteran film man, but that she insisted that DeMille could draw the realism angle too far.

She flatly refused to fly through the air as a trapeze artist without benefit of a net.

WILL KEEP PROMISE

Gregory Peck is going to keep

the promise that he made his bride, Greta, some eight years ago. The star promised his wife a honeymoon trip to Finland to meet her parents and 28 other relatives. However, the actor was wanted for one picture after another and the trip was delayed year after year.

When the star left for England to make "Captain Horatio Hornblower," he said that that promise had been bothering him and that this time he was going to make good. When the sea film is finished sometime in March Peck and his wife will fly to Helsinki to spend at least six weeks with Greta's people.

"Greta probably will do most of the visiting," the actor said. "All I want to do is sit around and fish."

St. Mary's Sodality Communion Breakfast

St. Mary's Sodality of Our Lady members received holy communion in a body, and following a communion breakfast was held in the church auditorium. The Catholic truth committee was in charge of the serving.

Interesting talks were given on St. Bernadette, St. Valentine, Ash Wednesday and mental prayer. An interesting feature of the meeting was the display of books and pamphlets set up by the Catholic truth committee in observance of Catholic Press Month in February.

Final plans were made for the Valentine dance on February 14 to be held at the Catholic center for members and their friends.

The meeting closed with the reading of the little office by Mary Ann Herbst. March 5 is the next meeting.

K. Of C. Council To Give Degrees On February 19

Knights of Columbus Council No. 512 held their meeting Wednesday evening in the club rooms, and made plans for the exemplification of the first degree on Sunday, February 19.

The degree will be conferred in the council rooms at 2:30 p. m. Grand Knight James T. Carey presided during the well-attended meeting last evening. He also gave the invocation.

Reports of the various committees were heard, including membership. The council's fiftieth celebration planned for June will be a highly elaborate affair and plans for this event are now underway.

The quarterly communion break-

fast scheduled March 19, will be at St. Vitus church hall. The group will receive holy communion prior to the breakfast, during the 7 o'clock mass.

Lecturer Anthony Marino reported that the pre-lenten dance and party will be held in the club rooms, February 18. An enjoyable evening has been planned. This will be the last party until after Lent.

Benediction by the grand knight closed the meeting, and a social hour ensued.

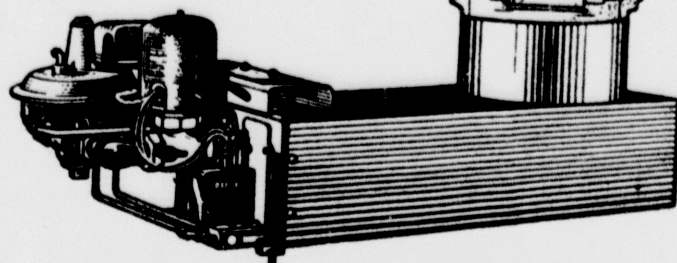

Swing Lobby To Be Held Tonight

Swing lobby will be held for the juniors and seniors this evening from 8 to 11 o'clock in the senior high school gym. Mrs. Frank Gribben, supervisor announced.

Swing lobby will not be held on Saturday evening, however. This is due to the "Sweetheart Swing" dance, which is scheduled that evening.

Mrs. Green To Mark 20th Anniversary

Mrs. Lida J. Green, matron at the Margaret L. Henry Children's Home, Friendship street, will mark her twentieth anniversary of service at the home on Friday, Mrs. Green succeeded the late Margaret Henry several years ago, having served as matron since her death.

Children of the home are planning a little gathering on Mrs. Green, with a special dinner planned in honor of the special event.

Floral tributes will mark the table. Many boys and girls have left the home since Mrs. Green took over and have made good in the world. Some have become nurses, stenographers, and have entered many other occupations.

Navy Increases Enlistment Quotas

United States Navy Recruiting Service announces an increased number of openings to its various training schools during the month of February and also a step-up in general service enlistments.

High school graduates will be interested in the school of radio, radar, electricity, fire control and various airman, in addition to the schools of electronics, accounting, music, etc.

Although the Navy prefers high school graduates, they are also intensely interested in young men who have dropped out of school for various reasons. Such men are eligible for general service enlistment and will receive training in one of the 62 vocations included in the Navy's training program.

Attention is also invited to the courses of high school and college educational libraries of all Navy ships and stations. This program of "education unlimited" has been endorsed by the leading educators of the nation and is worthy of investigation by young men who have the desire to become specialized technicians in any one of the

62 vocations. The Navy will be your classroom, the world, your campus. Visit your local Navy recruiter for complete details today. In New Castle, the Navy office is located at Post Office building.

GAS PRESSURE Like Rock in Stomach

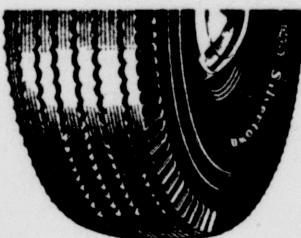

One New Castle man stated that for 10 years he felt like he had a rock in his stomach. This feeling was due to the lump of undigested food he always had inside of him. His food would turn to gas. Recently he started taking CERTA-VIN and says the feeling like a rock in his stomach disappeared the second day. Now his food agrees with him, no more gas and he feels like a new man.

CERTA-VIN is a new, scientific formula. It is taken before meals and works with your food; thus you get the fullest good out of your meals. It contains Ten Great Herbs, plus vitamin B and Iron. It not only relieves gas, it also makes the nerves stronger with vitamin B and enriches the blood with iron. Miserable people soon feel better all over. So don't go on suffering! Get CERTA-VIN at any drug store in New Castle, or nearby towns.

FUEL FORECAST

KNOXVILLE—Modern science has pushed back the day when an entirely new type of fuel will be needed to replace gasoline, according to Dr. Hilton A. Smith, University of Tennessee chemistry professor. "Years ago people were predicting that our petroleum re-

sources would be gone before 1950," said Dr. Smith. "However, advances made in using more of the crude oil, new conservation methods and new field discoveries have postponed the day of exhaustion indefinitely."

Says Africa Holds Unknown Big Possibility For Riches

(Prof. Franklin C. Banner, head of the Journalism department at Pennsylvania State college, has returned to the campus after a 35,000-mile globe circling trip. Following are his observations of Africa and its economic future.)

By PROF. FRANKLIN C. BANNER
Head of the Journalism Department
Pennsylvania State College

STATE COLLEGE, Pa., Feb. 10.—Evidence of activity stimulated by America's millions appropriated for undeveloped areas may be seen through the length and breadth of Africa today.

The vanguard of American geologists, chemists and topographical engineers, as well as representatives of private capital, have already arrived. A 5,000-mile circular trip recently completed from Cape Town to Victoria Falls and Rhodesia gave ample evidence of the undeveloped possibilities, not only for government lending, but for private investment as well. The sparkle of African gold and diamonds has so dazzled the eyes of the world since the 1880's that few today are acquainted with any other African export—unless it be circus lions.

But despite the opening of new gold mines in the Orange Free State, and diamond mines, said to exceed those of Kimberley, conservative authorities believe that the real future wealth of Africa will be found in other minerals and in agriculture and industry still in their infancy.

For instance, on the high plateau of South Central Africa, stretching uninterruptedly 1,500 miles north from the cape, millions of sheep graze on succulent growth of the semi-arid land. Native labor is cheap and adequate.

One farmer visited had a ranch 25 miles long and 15 miles wide, a luxurious home—fronted by a terrace of Kentucky blue grass—built from the profits. He owned some 10,000 sheep and protected them from jackals behind almost 100 miles of rust-proof steel fencing.

Superior Cotton
The Transvaal and Natal produce large quantities of superior cotton. The cape area specializes in grapes and wine that are being sold extensively in England and Europe. The African seed orange, as large and sweet as many American types, has just begun to be the basis of an expanding industry.

England is likewise building up in Rhodesia large tobacco plantations. The African flue-cured tobacco approximates the American southern state product. The continent is expected to provide this year about one-third of all tobacco imported by England.

Africa's rich mineral deposits are said to be adequate to supply a world demand for many years. They read like a lesson in geology. Cooper, tin, iron, lead, manganese, great areas of mica, a cliff reputed

to be of almost solid crystal, and the precious uranium—harbinger of a new world era—all are here.

On the Rand in Johannesburg even the scientific reports of the conservative geologists sound like pages from Alice in Wonderland, but before the impetuous private investor with limited means steps through the looking glass he had best be warned.

Need Railroads
To market the product of mines one must have railroads built sometimes hundreds of miles away, but there is no money for extension.

South African railroads are under control of the government and like those of England are deeply in debt. They have been inadequate this winter to carry even necessary coal shipments to the coalless areas of the cape towns. Farmers in particular have huddled about on small grate fire in their living room despite the fact that their income could normally provide adequately for their needs.

Then too the race problem boils fiercely in the political pot. It threatens to disrupt all industry and even to blot out the future that Cecil Rhodes and Jan Christian Smuts did so much to prepare for. Dr. Daniel F. Malan, national party leader, in carrying out a policy of race segregation plans to take away the right of the native to vote for the all-white Parliament, has refused further medical aid to them and seeks to discourage education for the native reservations. As a consequence, race riots and minor disturbances in Johannesburg and Durban are traceable to the mounting anger of the 10,000,000 natives towards whites.

The rapid growth of shanty town around the great city of Johannesburg is in itself a threat to the industry and mining center of the country. Disease, especially social diseases, and consumption along with inadequate food and lodging for the tens of thousands of natives pressing in on the cities creates a problem for the small white population that seems to grow more ominous by the minute.

Badly Distributed
For industry Africa needs oil. Her coal deposits are badly distributed. Water shortage, except for a narrow band across equator-

al Africa and a part of the southwest coast, is so far unsolved. The vast semi-desert areas can do little better than at present without irrigation and the only real river capable of doing the job is for many industrial areas more than 1,500 miles away. It is true that Victoria Falls possesses a water power capable of running a vast industrial area but private capital would have to begin from scratch for there is practically nothing started in that remote country nearly 1,000 miles from Johannesburg.

At present there seems to be hope only for the largest companies and the American government to win the battle. Even that, if faced with a series of catastrophes produced by local government, the tsetse fly, and nature's own locks upon her African riches, may not succeed.

It is generally conceded by conservative critics that even with ample aid of Uncle Sam it will be some time before Africa becomes the golden west of the 49'ers for the average investor.

It is estimated that 11,000,000 people have listened to the New York Philharmonic orchestra on the radio on a single Sunday afternoon, which represents more listeners than have heard the orchestra within the walls of a concert hall in the hundred years of its history.

The shortest route from New York City to China is over the North Pole.

Babson Emphasizes That Era Of Salesmen Is Here

By ROGER W. BABSON
BABSON PARK, Pa., Feb. 10.—The forecasts for 1950 recently issued by leading industrialists, economists and government officials all agree that 1950 will be a very competitive year.

Why More Competition?
Production has been greatly increased during the past 10 years. Farmers are raising 225 per cent more products. Manufacturers are making 45 per cent more goods; there has been a large increase in the number of service jobs, from hairdressers to dry cleaners, while advertising has increased about 65 per cent. Yet, since 1940 our population has increased only 14 per cent. Hence, 1950 will see far greater domestic competition.

Roger W. Babson

But in 1950, for the first time since 1940, the U. S. will face foreign competition. (Among Christmas gifts received by me was a five-pound box of candy made in Paris and flown to this country by airplane!) The only hope for Europe and world peace is for us to buy more goods from abroad. This buying from abroad will need to increase in order to stave off World War III. This means more competition for U. S. manufacturers.

Advantages of Merchandising

The one industry which need not fear this competition is well organized merchandising, perhaps best represented by the top chain store organizations. These are always looking for the best goods for the least money, wherever they are made or raised. They do not have money in farms, factories, banks or real estate investments. They are free lances with only one goal—namely to best serve consumers.

The selling industry is not tied down to any one location; is not dependent upon any definite styles; and is not governed by bureaucracy or regulation. Stores which do not pay can be quickly moved; while stores are so distributed through the U. S. that poor conditions in one locality, or industry, will not harm the group as a whole. With a turnover of five or more times a year, there need be no loss on inventories. Good merchants always are well hedged against inflation.

Selling as a Profession

If I were a young person today, a graduate of high school or college, I would become a salesman. Most of my successful business friends—whether in business for themselves or heads of large corporations with thousands of stockholders—came up through the sales department. Today, there are many engineers, accountants and personnel managers looking for jobs, but no successful salesmen are out of work. Moreover, men who can organize and operate a profitable selling force are in great demand.

It is not important what you sell, so long as it is something which honestly serves people. If you can get on your knees every morning and ask God to help you sell your products, you are sure to succeed. Selling opportunities exist in every honest industry, "from cradles to coffins." But after deciding what you are to sell, make sure that you know more about that product than anyone else on the salesforce. Visit the plants from which come the raw materials, work in the factories where your product is made, and visit the consumers who use it.

Importance of Selling to the National Prosperity

My family for 200 years has been in the fish business. As a statistician, I never understood why good fresh fish when landed from the boats should sell at only five cents a pound; while the same fish, when frozen, should retail months later

for forty cents a pound. It seems unfair to the fishermen who are daily risking their lives to catch the fish; and unfair to housewives who buy the fish.

When coming to Florida, a half grapefruit was priced in the dining car at 35 cents. Yet, the day after my arrival here I had to hire a man to pick up from the ground, under my trees, equally good or better grapefruit and cart them away! Certainly, there is a great opportunity for Christian service for any young man who will help reduce this spread which applies to most everything we eat or wear.

Good Taste

By FRANCINE MARKEL

ENJOY YOUR YOUTH

"I am twenty-two and am considered too 'settled' by both my friends and my mother simply because I like to dress conservatively and I thoroughly enjoy my own company. I never feel the need of male or female companionship. I don't like movies, parties or other so-called youthful pastimes. How can I convince my friends that I am not dying of boredom—that I like to be different from rowdy, young groups and that I don't care for amusement, that I am perfectly contented just as I am?"

Answer: You are suffering from an overdose of smugness. What you need is a prolonged silly period. The companionship of boys and girls of your own age with the natural gay, frivolous abandon of youth.

You are, indeed, too introspect for one of your age. You take yourself much too seriously. It is good for us all to have many friends and much companionship most of the time. We all like to have our occasional spells of solitude but being alone too much causes moodiness, conceit and a superabundance of self-sufficiency.

It is natural for a girl of twenty-one to desire social life—dancing, movies and all the other gaieties so important to the young. Enjoy your youth while you have it. We all must have our fling some time. So my advice is to get yours out of your system while you are young and settle down to a dignified middle age when you get there. Sometimes people who are too serious in their youth develop frivolous natures during their maturity.

It is preferable to "act your age" whatever it is. You will be old and settled for a long, long time, so be young and gay while you have the opportunity.

Question: Does the groom lift the bride's veil after the ceremony or does she do this herself?
Answer: The maid-of-honor should lift the bride's veil when she hands her flowers back to her after the ceremony is over.

BEANS, SQUASH ARE NEW ALL-AMERICAN VARIETIES

"Topcrop" beans and "Uncomm" squash, new All-American varieties for 1950, are included in seed catalogs for the first time and deserve a trial, perhaps on small scale at first.

The "All-American" title means these new varieties proved satisfactory—in fact were outstanding—in tests conducted during the last several years at experiment stations throughout the United States. Seed will not be plentiful this year. Both varieties received gold medal ratings.

Mosaic-resistant, it produces a great abundance of thick-fleshed pods of excellent quality and is suited for home use, market or canning. Plants are sturdy and vigorous.

Uncomm squash, similar to Acorn or Table Queen variety, is a heavy yielder of early fruit. Plants remain small and compact, making them suitable for the small garden. The squash are sweet, dry and free from stringiness. It keeps well in storage. Uncomm was developed at the University of Connecticut.

Congo watermelon, another new variety of promise, now holds a bronze medal and is expected to attain full All-American gold medal rating with further trials.

PORK RATES HIGH IN FOOD VALUES

Pork is an excellent food as far as food values are concerned. Besides being high in protein or body building material, pork is a good source of iron, thiamine and riboflavin.

The body needs iron to build good red blood. The vitamins, thiamine and riboflavin, are necessary for healthy nerves, good skin and general pep and vitality.

Some persons avoid pork because of its high fat content. However, some of the fat may be trimmed off before cooking. When the meat is overcooked or pan-broiled, much of the fat comes out in the pan drippings. Persons who are overweight or must avoid fats can pour off all of this and eat only the lean portions of the meat.

A pork roast is best if placed fat side up on a rack in a shallow pan with no cover, then roasted at 350 degrees Fahrenheit for 35 to 40 minutes per pound. Be sure that pork is well done before serving.

If you have an oven thermom-

eter, roast to 185 degrees F. No basting is required. In the open pan the roast will brown evenly on all sides as well as make good drippings of brown gravy. Letting the roast stand at room temperature five to six minutes makes it easier to slice.

A frozen pork roast may be put in the oven while still frozen but must be roasted an extra hour or so to be sure it is done. However, it is better to thaw frozen meat first, then roast as for fresh meat.

Pork chops or ham may be pan-broiled successfully. Heat a heavy skillet, add chops or ham, and brown on both sides, turning occasionally until meat is done. Pour off excess fat as it accumulates.

For tasty sausage patties, try the following recipe:

Baked Sausage Patties
1 pound bulk pork sausage
1 slice bread
1 teaspoon salt
1 egg
½-cup grated apple
Combine the sausage and bread which has been broken into small pieces. Add the remaining ingredients. Make into six patties, three-fourths inch thick. Place on a rack in shallow pan. Bake uncovered in a moderate oven, 375 degrees Fahrenheit for one hour.

CARE OF SOWS NOW AFFECTS SPRING PIGS

Care and rationing given to breeding sows now have a definite effect on the condition of the spring pig litters and special attention is needed during the last two months of the gestation period. At this time the unborn pigs are developing rapidly and the size and vigor of pigs at farrowing time is reflected in the attention given the sows now.

An ample supply of a well-balanced ration is essential and should include between 16 and 18 per cent protein. At least some of this protein should be from animal sources, since they contain the essential amino-acids lacking in vegetable proteins. These must be present at this time for best results.

If a sow is not properly fed at this time, she is likely to be weak at farrowing time and have an abnormal appetite which could force her to kill some of the pigs shortly after farrowing.

It is also important to have the essential vitamins in the rations, largely supplied by good legume hay, either in racks or ground into grain mixtures. Provide feed in large enough quantities to have the sow in good flesh at farrowing time. The rate of gain is determined by the condition of the sow at this time, but she should average a half to a pound gain each day.

The first ship sunk at sea by an enemy submarine was the 5,000-ton British cruiser HMS Pathfinder.

Girl Triplets Born To Mother, Being Treated For Polio

LONG BRANCH, N. J., Feb. 10.—(INS)—A 30-year-old mother, who has received treatments for polio since last December, gave birth today to girl triplets at Monmouth Memorial hospital in Long Beach.

She is Mrs. Elizabeth Warnke, wife of Dr. Fred W. Warnke, Sea Girt, N. J. dentist.

The babies were delivered by caesarian section at intervals of about five minutes shortly after nine o'clock this morning.

Hospital officials said the babies weighed approximately three pounds each and were placed in incubators—a customary procedure with infants weighing under five pounds.

The babies' condition was termed "fairly good" while the mother was said to be resting comfortably.

FOLKS OF FAME

Frank Craven was an actor and playwright. He was born in Boston, Mass., in 1875, and appeared at the Garrick theater, New York, in 1907, as "Walter Marshall" in "Artie." He was known for his successful delineation of a wide range of characters. He appeared in all the principal theaters of the United States and in London, England. A few of his marked successes were "Bought and Paid For," "Too Many Cooks," of which he was the author, "This Way Out," "New Brooms" and many other plays. "The First Year," which he wrote and in which he played, and his "Spite Corner" were others. "Up She Goes" was a musical version of his play, "Too Many Cooks." He died in 1945.

Bernt Balchen was born October 23, 1899, in Norway, and educated at the Military Flying school, Hor-

ten, Norway. In 1920-26, he was a test pilot. He arrived in the United States with Admiral Richard Byrd in the latter year, on leave from the Norwegian Naval Air Force. He was chief pilot of the Byrd Antarctic Expedition of 1928-30, also chief pilot of the Lincoln Ellsworth Antarctic expedition of 1933-35. In World War II, he served in the Royal Norwegian Air Force and with Royal Air Force Ferry Command after his country had fallen. He was a colonel in United States Army Air Force 1941-1946. He is director of the Norwegian Airlines and his home is at Oslo.

Dan Cupid Is Doing Great Valentine Day Business

By JOHN McCAFFERTY
(I. N. S. Staff Correspondent)

PHILADELPHIA, Feb. 10.—That sentimental little gentleman, Dan Cupid, is doing a whopping business at the card counters as Valentine's Day approaches.

Maybe it's the threat of an H-bomb in the offing that makes so many people anxious to express their sentiments this year, but at any rate the rush is on.

As for the "sentiments," they range from the usual "My Dearest" to a curt "D. D. T." or, less politely, "Drop Dead Twice."

All of them differ greatly from the original Valentine, penned by the saint of the same name, in the third century.

"Slam" Cards "Hot"

"Slam" cards, thought to be virtually extinct in 1947, are "hot" sellers this year, according to a survey by International News Service. So if you're a "boss," don't be surprised if the mailman brings you something like this on February 14:

"You drive your employees from mining to night."

And it's really quite easy to see why every poor devil who works in your joint.

Is calling you Simon Legree?

Or, there's the "delayed action" type for "old flames." It's covered, tinted with hearts, reads:

"I know a certain Valentine who's grand as grand can be."

Who has a way of doing things that suit me to a 'T'.

And when we are together my spirits sure to perk.

I'm mad about that Valentine (Then in bold letters as the card is opened)

And I don't mean you, you ———

Then there are the coy "Who Do You Like Best?" type which conceal a mirror.

For Love-Smitten Swains

But for the love-smitten swains who wish to declare their emotions, there's choice between the "sophisticated" or "sentimental" type, depending on how fervent the feeling and how much you want to spend.

For the sophisticated who scorn the thought of hearts and flowers, animals are used.

Some lovers apparently are shelling out \$2 to woo their objectives with the old fashioned valentines of 30 years ago. Accompanied by poetic verse, they're luxuriously trimmed with tiny doves and real lace and satin.

Five bucks will get you amorous verse on plump satin hearts protected by plastic and featuring corages, sachets or pins which can be used later.

As one shop woman described them:

"They really 'drip' but the young people seem to like them."

For the youngest of fry between the ages of one and eight, valentines still had their place.

This year's selection included cards with candy lolly-pops attached. These should please the youngsters providing they don't start melting in the post office.

Electric storms occur about once in 10 years at the North and South Poles.

FACT-FINDING COAL BOARD NEARS COMPLETION OF REPORT

(Continued from Page One)

writing a report for Mr. Truman which will form the basis for any action he takes to obtain an anti-strike injunction.

May Make Report Saturday

Panel chairman David L. Cole said the fact-finders are trying to beat Mr. Truman's Monday deadline and submit their findings to the White House tomorrow.

Despite some rumors that the miners might refuse to obey an anti-strike order, the President said the government will not seize and operate the struck coal pits. He said he does not have and does not want such authority.

A top administration spokesman in Congress declared, however, that if an anti-strike injunction fails to reopen the mines, Congress will vote seizure powers.

Keach rules that Lewis is guilty of unfair labor practices in insisting on a union shop, demanding that welfare payments be limited to UMW members, contending that his miners must work only when "able and willing," and refusing to bargain with southern coal producers.

Drew Strongest Opposition

These are the provisions that have drawn the operators' strongest opposition in past negotiating sessions.

Keach declared the failure of Lewis and the mine owners to agree on a new contract "has imperiled the welfare of the nation."

The jurist vigorously condemned Lewis' insistence on the "able and willing clause" as an attempt to "control production, and ultimately through such control, to fix prices." He added:

"This is not a question of individual workers seeking to avail themselves of their constitutional right to be free to work when they desire."

"The insistence here is for provisions which have been interpreted by a union as authorizing it and its representatives at the whim of its leaders, without limitation, to order its members collectively to refrain from work and paralyze an industry vital to the economy of the nation."

Keach's ruling was of sweeping proportions. It judged Lewis' demands in violation of the Taft-Hartley act although he was required only to find a reasonable probability that they constituted unfair labor practices. The NLRB itself will start hearings soon on the legality of the UMW's demands.

LEGAL NOTICES

Notice Of Public Sale Of Certain Lands Heretofore Purchased By The County Commissioners At County Treasurer's Sales And As To Which The Period Of Redemption Has Expired.

We hereby give notice that, pursuant to the provisions of the Act of Assembly approved May 29, 1931, as last amended by the Act of Assembly approved May 21, 1943, P. L. 346, we will offer at public sale the several pieces of real estate hereinafter described which were purchased by the County at tax sales held by the County Treasurer for the non-payment of delinquent taxes.

(a)

The purpose of said sales is to realize for the several taxing authorities interested therein their several shares of the money for which said properties may be sold, to be distributed as provided by law, and especially as set forth in said Act of Assembly approved May 21, 1943, P. L. 346. Also for the further purpose that if the upset prices cannot be obtained at said sale, we will take the necessary steps to sell same freed and cleared of all municipal claims, liens, mortgages, charges and estates of whatever kind.

(b)

Said sales will be held on Friday the 10th day of March, 1950 at 10:00 o'clock A.M., Eastern Standard Time, with the right to adjourn from time to time.

(c)

Said sales will be held in the County Commissioners' Assembly Room on the second floor of the Court House, New Castle, Pennsylvania.

(d)

The terms of sale will be ten (10) per centum of the bid in cash on the day of the sale and the balance in cash on delivery of the deed to the purchaser.

Five Beaver County Women Are Fined

BEAVER, Pa., Feb. 10.—(INS)—Practicing beauty culture without a license can be expensive.

Five Beaver county housewives found that out yesterday when each was fined \$25 and costs by Justice of the Peace Charles Edgar in Beaver.

The state board of cosmetology charged the five women had been giving permanent waves in their homes without first securing a shop owners' license.

Mrs. Lillian Thomas of Vanport pleaded innocent but her four companions entered guilty pleas. They were:

Mrs. Florence Greco, Freedom;

Mrs. Athleen Fleming, Beaver; Miss Helen Bartus, Beaver Falls; and Mrs. Irma McCowan Grogg, Monaca.

Census Posts Are Now Open

Bureau Needs Crew Leaders For April

Applications for positions as crew leaders in the census which will start in April are being received in the Beaver Falls district office of the Bureau of Census, it is announced.

Mrs. Marie Cozzucola, assistant district census supervisor, today announced that final selections of crew leaders will be made late this month after oral and written tests of candidates are completed.

Approximately 14 crew leaders will be selected with each leader having supervision over 20 enumerators. There will be approximately 328 enumerators for the Beaver, Butler, Lawrence district.

Qualifications Required
Qualifications required for selection as crew leaders includes, a minimum of a high school education and at least three years experience in supervising or assisting in the supervision of an office or field crew, training of subordinates, making an inventory of reports of average difficulty and handling related assignments in general. College education may be counted in part in lieu of experience. Veterans have preference in applying for the position of crew leader.

The census bureau further specifies that the applicants' previous employment and associations must be of such nature that they will facilitate obtaining co-operation from the respondents.

Census Bureau employees are sworn to secrecy and are punishable by law for revealing confidential information.

THIS TORCH CAN MELT FIREBRICK

WITH A FLAME SO HOT it can melt firebrick and even tungsten, whose melting point is 3,370 degrees centigrade, Dr. J. D. Cobine tests electronic torch he developed in a Schenectady, N. Y., research lab. Here, the scientist melts a quartz rod in flame whose temperature is so high it can't be measured. Flame consists of nitrogen being passed through arc formed by high frequency radio waves. Torch is still in experimental stage. (International)

HUGE CAKE TRIUMPHAL ARCH

CHICAGO, ILL.—After James Klerohomos of Chicago and Toula Kazakes were married in a Greek Orthodox ceremony here they went to the reception and led the wedding party of 19 in a triumphal march through this cake arch. The giant pastry weighed 540 pounds and stood 10 feet high. The newlyweds are shown as they cut the first piece.

Mail Your Gift For 'Hearts' Now

Recently the Lawrence County Chapter of the American Heart Association sent out hundreds of letters to Lawrence county citizens asking for contributions to the present campaign.

The return thus far has been pleasing but not overly large. Chairman Daniel H. Treloar, Jr., today asked that those who have not yet replied with their contribution do so promptly as possible.

The campaign is being conducted nationally to raise \$6,000,000 for research and study of heart disease in an effort to curb the nation's greatest killer.

Plastic hearts have been placed in various spots throughout the county into which contributions can be dropped. At the end of the month these hearts will be picked up and the money turned in to the campaign committee.

In the meantime, answers to the direct mail campaign are urged as promptly as possible.

Postal Employee Is On Probation

LEWISBURG, Pa., Feb. 10.—(INS)—Walter P. Hull, of Gettysburg, a U. S. postal employee for 37 years, today started five years probation after refusing to contest 44 counts in an indictment charging misappropriation of stamp funds.

He was fined \$150 on the first count and given a suspended sentence and placed on probation on the other counts by Federal Judge F. V. Follmer at Lewisburg.

Hull charged proper amount for stamps but affixed less postage or cancelled stamps on parcel post packages, according to the court.

Local Men To Attend Meeting Of Reserves

Capt. Walter K. Conover, of 102 S. Crawford avenue, and Capt. John A. Mortimer, of 829 Lathrop street, president and secretary of the Lawrence County Chapter of the Reserve Officers' Association, have been asked to attend a meeting of the State Reserve Officers' Association at Dutch Henry's, in Pittsburgh, on Saturday, February 11.

Judge Edward Leroy van Roden, of Delaware county, president of the State Department will be present to discuss National Security and Reserve Affairs.

GNCA Ponders Promotion Plan

Consider Ways Of 'Selling' New Castle

Directors of the Greater New Castle Association met Thursday night in a rather unusual meeting. Little routine business was discharged, few motions were made, and inconsequential things had no place in the program.

Instead, the session was given over to a frank discussion of how to "sell" New Castle to the outside world, how to care properly for what we have here and how to induce additional interests to locate here.

Discuss Pittsburgh Plan
The Pittsburgh Plan was presented to the directors and the manner in which the plan has functioned outlined. No definite action was taken but the manner in which it was discussed and the decision to give the matter a lot of serious thought in the next month seemed to indicate a genuine regard for the future of this city.

Almost all the directors were present, men and women who took time out from busy lives to lend their talents and time to considering a plan that will benefit every person in New Castle. To one not a director of the association it seemed to be a heartening example of a desire for civic betterment and a willingness to do what is necessary to make New Castle a better city.

New Castle Hi-Y Elects Officers

New Castle Senior Hi-Y met at the YMCA Thursday evening and held election of officers.

Newly-elected cabinet members are Dick Burr, president; Willis Peacock, vice-president; Howard Reynolds, secretary; Jack Anderson, treasurer; and Wally Sines, chaplain.

John Henderson, club advisor was in charge of the meeting that was opened by Dave Gattall of offering prayer.

A short business meeting followed the election of officers. A program committee was nominated. Dues were set at 25 cents a month. The club will meet every Thursday night at eight at the Y.

B. & O. Veterans And Auxiliary Assemble

B. & O. Veterans and Martha Hoyer Auxiliary of the Baltimore and Ohio railroad met on Wednesday evening in the Eccles hall on South Jefferson for their session, in the form of a 6:30 dinner party in honor of the organization's 18th anniversary.

The tables were beautifully decorated with valentines and hearts. The bountiful dinner was served to 60 people. Committee in charge was composed of Mrs. Carl Duckworth, Mrs. Carl Jewell, Mrs. L. S. Hurst, Mrs. Ray Walker and Mrs. Thomas Cromie.

After the dinner each group held a business meeting with its respective presiding officer in charge. J. H. Bingham is president of the men's group and Mrs. Paul Bender is head of the women's auxiliary.

A joint social time was enjoyed and various contests and games were featured with prizes falling to Mrs. R. E. Armstrong, Mrs. Victor Beahm, Elmer Fox and George Nolte. Mrs. Jennie Evans of Pittsburgh, a former member, was a special guest.

Members will re-convene at the Eccles club on March 8.

Boy Scout Troop 15 Is Given Honor At First Christian Church

Boy Scout Troop 15 was honored recently by a tureen dinner in the First Christian church dining room. That church is the sponsoring organization for the troop.

More than 100 persons enjoyed the repast. Scoutmaster Tom McCormick, assistant, MacScott, of officials, Henry Goughier, Harold McCartney, Clair Shaffer, and their wives, were guests of honor. Rev. Arthur D. Wenger offered the invocation.

Scoutmaster McCormick presided at a troop court of honor and presented second-class pins to Dave Tucker, Robin Slag, Bob Palmer, Robert Alex, Gerry McGaffie, Samuel Williams, Micky Shenker, Dave Todd, Anthony Colia, Bob Waddington, Everett Saeger and Ronald Shaffer. Mothers of the boys presented the pins and were in turn presented with a miniature award.

Cubs Honored
Bob Cat and Bear awards were given to youths of Cub Pack 3. The boys honored were Raymond Fabian, Ronnie Hill, Charles Shenker, Buddy McGurk, Jackie Mrozek, Thomas Baker and William Rice.

The Cubs also had a table display of handicraft work. Mrs. Dan Rice, den mother, is instructor in this field.

Patrol emblems were given to Robin Slag, Everett Saeger, Bob Palmer, Eddie Llewellyn, Dave Tucker and Gerry McGaffie.

Rev. Wenger announced plans for the national jamboree to be held at Valley Forge, June 30 to July 6. A movie entitled "Winter Camping," shown by Herbert Rodgers, concluded the program.

A special guest was John Lawson, field scout executive of the Lawrence county council.

Fire Drills Prove Effective At Union Schools This Week

Surprise fire drills were staged at both the Union Township high school building and the Sunny Avenue grade school by members of the Union volunteer fire department this week.

The Sunny Avenue school, with an enrollment of 170 boys and girls, mostly small, was cleared in 43 seconds flat following the pulling of the alarm. Mrs. Erna Smith, principal, was commended for the manner in which the pupils conducted themselves.

At the Union high building, the 670 pupils marched out of the building in orderly fashion, emptying it in one minute and 37 seconds.

The firemen came into the building without warning and not even notifying the principal or teachers and pulled the sirens. Principal J. Arthur Turek had the student body trained for such a test and were ready to meet the emergency when it arrived.

Men's Fellowship Plans Open Meet Sunday Afternoon

A mass meeting of both men and women, sponsored jointly by the Men's Christian Fellowship of Lawrence County, Christian Business Men's Committee and the Youth for Christ will be held Sunday at 2 p. m. in the community room of the Epworth Methodist church, East Washington street at Butler avenue.

L. B. Round, president of the fellowship, announces that a period of hymn singing and special music will precede a special feature. Beside group singing, the male quartet of the First Pentecostal church will be heard in several selections.

The speaker of the afternoon will be Rev. Charles Anderson of Kenosha, Wis., who has just returned from an extended tour of Germany under the auspices of the Youth for Christ International. He will be showing a 35 minute 800 foot film of his travels and personal interviews with those whom he met.

Rev. Anderson will make several appearances in the city over the week end.

New Castle Sailor Hurt In Auto Crash

A Pittsburgh sailor was killed and a New Castle seaman was injured in an auto crash occurring near Newport, R. I., early Thursday, according to word received here by the mother of the New Castle man.

The injured man was Boiler Technician, John C. Reamer, aged 22, of 1132 Hemlock street, son of Mr. and Mrs. A. J. Reamer of the same address. The local sailor called his parents to assure them that he received only minor injuries in the crash which took the life of his buddy and injured a Bath, N.Y., sailor.

The men had just returned from a cruise in the Mediterranean on the Destroyer Charles Cecil and had docked at Newport, R. I. They were on a pleasure drive near Tiverton, R. I., when the accident occurred.

Scout Council Has Meeting

Plans Are Made To Give Aid To Projects

Members of the Girl Scout Council of the New Castle Area, Inc., met in the scout headquarters, the Greer building, February 7, at 7:30 p.m. Miss Emily Rice, commissioner, presided with members present from New Wilmington, Bessemer, Mt. Jackson and New Castle.

Mrs. L. Coulter, chairman of the Juliette Low committee, asked all council members to cooperate with the committee in their plans for the tea in First Methodist church Friday, Feb. 10, at 8 p.m. to honor all leaders, assistant leaders and committee women who give so freely of their time in the interest of scouting.

Girl Scouting's 38th birthday occurs on March 12. Mrs. C. M. Booher and her program committee are planning a "Community Night" during that week to honor the occasion. Detailed plans will be announced later.

New Castle Area scouts were well represented at the camp institute in the Nixon hotel, Butler, February 4. Mrs. D. B. Forsyth reported that it was a very enjoyable and profitable session.

Many problems that confront camp committees and leaders were discussed. Our local camp committee with Miss Maxine Bigley, chairman, is planning early so that this summer's camping season may be interesting and profitable to all girls attending.

March is the month when Girl Scouts hold their cookie sale. Mrs. Frank Bower, chairman of this committee, will announce the exact date later.

Several council members turned in school bags to be filled with the school supplies, collected at the Mt. Jackson dinner. The bags will be sent to school children in Europe and Asia who need these articles so much. Scout troops are

also working on this project, known as "Schoolmates Overseas." The public relations committee, of which Mrs. Robert A. Myers is chairman, plans to have a window display the latter part of February, using this project as the theme.

After the business meeting, delicious refreshments were served by Mrs. Riley Ballard, Mrs. Forsyth, and Miss Rice.

Forty Percent Of State Potato Crop Being Held For Sale

HARRISBURG, Feb. 10—(INS)—A 1949 federal-state survey reveals that more than 8,000,000 bushels of last year's Pennsylvania potato crop, or 40 per cent—was being held for sale in the state as of January 1.

The State Department of Agriculture disclosed at the same time that growers of the state plan to reduce this year's potato acreage two per cent under 1949.

Pennsylvania's spud production in 1949 totaled 19,158,000 bushels, of which 8,080,000 bushels were available for market January 1. This was 1,020,000 bushels more than the 7,060,000 held a year previous.

Growers saved 760,000 bushels for seed, compared with 718,000 from the 1948 crop.

The growers reported they expect to plant 101,000 acres in 1950, or 2,000 less than in 1949. The commercial potato acreage allotment on which government support prices may be obtained in Pennsylvania this year is 56,600 acres, a decrease of 12 per cent from 64,100 in 1949.

Several council members turned in school bags to be filled with the school supplies, collected at the Mt. Jackson dinner. The bags will be sent to school children in Europe and Asia who need these articles so much. Scout troops are

also working on this project, known as "Schoolmates Overseas." The public relations committee, of which Mrs. Robert A. Myers is chairman, plans to have a window display the latter part of February, using this project as the theme.

After the business meeting, delicious refreshments were served by Mrs. Riley Ballard, Mrs. Forsyth, and Miss Rice.

Members of the Girl Scout Council of the New Castle Area, Inc., met in the scout headquarters, the Greer building, February 7, at 7:30 p.m. Miss Emily Rice, commissioner, presided with members present from New Wilmington, Bessemer, Mt. Jackson and New Castle.

Mrs. L. Coulter, chairman of the Juliette Low committee, asked all council members to cooperate with the committee in their plans for the tea in First Methodist church Friday, Feb. 10, at 8 p.m. to honor all leaders, assistant leaders and committee women who give so freely of their time in the interest of scouting.

Girl Scouting's 38th birthday occurs on March 12. Mrs. C. M. Booher and her program committee are planning a "Community Night" during that week to honor the occasion. Detailed plans will be announced later.

New Castle Area scouts were well represented at the camp institute in the Nixon hotel, Butler, February 4. Mrs. D. B. Forsyth reported that it was a very enjoyable and profitable session.

Many problems that confront camp committees and leaders were discussed. Our local camp committee with Miss Maxine Bigley, chairman, is planning early so that this summer's camping season may be interesting and profitable to all girls attending.

March is the month when Girl Scouts hold their cookie sale. Mrs. Frank Bower, chairman of this committee, will announce the exact date later.

THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

Stretching One's Family Horizons

Families differ a lot in the way they do things.

The Brownells, for instance, sometimes all go to the cupboard and help themselves instead of sitting down to a meal together.

The Robertses talk over everything frankly with their children. The Donovans don't always spend their holidays together, but scatter to different vacation spots.

The Greens are a very loving family. "Darling," "honey," "dear" are terms that garnish their affectionate gesture toward each other.

On the other hand, though the Adameses seem to get along pretty well together, one never hears endearing terms or sees outward demonstrations of affection.

There are all kinds of satisfac-

tory ways of living in the family. As children grow up, they should have the opportunity to realize this. It's so very easy for them to feel that the way things are done "in our family" is the only really right way.

One way of overcoming such feelings, of course, is to speak appreciatively of other families' ways of life. Even better, is the chance to live "in the bosom" of another family—uncle's, aunt's, neighbor's or friend's.

This should not be too difficult to arrange. Many a family would like the opportunity to have friends' or relatives' children with them for a week or so. And this firsthand experience of being in another kind of family will build appreciation—for one's own family and for those of other people.

PLANT PROBE

URBANA, Ill.—(INS)—University of Illinois plant breeders are working on two experiments that could possibly make some spectacular changes in our corn fields in the future. The College of Agriculture is said to be working to improve resistance of corn to disease and insects, and also is trying to eliminate the need for detasseling seed corn. Also seen is the possibility of developing a variety of corn that can withstand corn borers without a great deal of damage.

Preliminary studies by the Smithsonian institution have shown that central Texas was long inhabited before the arrival of known Indian tribes.

WAMPUM

W.S.C.S. HAS SILVER TEA

Some one hundred and fifty, including representatives from the Chestown Christian church, the Clinton and the New Port Methodist churches, the Presbyterian church and sixteen members of the Edinburg Methodist church attended the annual Silver Tea of the Methodist Women's Society for Christian Service, Wednesday night in the church.

The event began with an impressive program under the direction of the Misses Anne Davis, Maxine Thewes, Dorothy Jean Anderson, and Mrs. Wayne Davis. The selection, "Christ Receiveth Sinful men at Calvary" was the opening number sung in unison; prayer, Mrs. John Allen; James Tebay, presented the theme "Race Relations" in keeping with the observance of "Race Relations" service on February 12, and significant of each race of people he lit four candles, one white, one black, one red and one yellow. Musical selections were presented as follows: piano solo, "Prelude in F"—DeWayne Kanagy; vocal solo, "Let Me Call You Sweetheart"—Henrietta Davis; readings, Mrs. Wayne McHattie; vocal solo, "Mighty Like A Rose"—

Mrs. David Kanagy, accompanied on the piano by DeWayne Kanagy; vocal solo, "The Old Chism Trial"—Leslie Marietta and piano solo, "Malaguania"—Mrs. Edward Butler.

L. Butler Hennon was the speaker and discussed "prejudice in race relations." Following a brief talk by Mrs. Ray McBride, president of the society, Mr. Marietta sang "Jonah and the Whale" for the concluding number. Miss Dorothy Jean Anderson was the pianist.

Adjourning to the dining room, delicious refreshments were served by the social committee, Mrs. Charles Davis, Mrs. William Winiak, Mrs. John Brommer, Mrs. Margaret Blythe, Mrs. Edward Share and Mrs. George Jones.

DINNER GUESTS

Mrs. John Wright and Mrs. Sylvia Brown of Ellwood City and Mrs. John Allen and Mrs. Walter Kirschler were dinner guests Thursday at the home of Mrs. Lloyd Cunningham of Main street.

At 7 o'clock Monday night, a meeting for the purpose of organizing a Girl Scout troop will be held in the school music room.

All girls from 9 years of age through 14 years, interested in scouting, are asked to attend. The

mothers are also urged to be present at this meeting. A guest speaker, official in Girl Scouting, will address the group, and present the methods for organizing.

TODAY WE UNVEIL THE

NEW 1950 HUDSONS

AT SENSATIONAL LOWER PRICES*

***ON EVERY SUPER AND CUSTOM COMMODORE MODEL**

With "The New Step-Down Ride"

Here are 1950's most beautiful automobiles • The only cars with "step-down" design, which provides America's lowest center of gravity and the steadiest road-hugging ride ever known • Along with more room than in any other car • Here's the added safety of Hudson's exclusive Monobilt body-and-frame** • The high-compression performance of America's most powerful Six • Or an even more powerful Eight • And all-range, Super-matic Drive† • Here, in short, are unique features that enable Hudson alone to bring you "The New Step-Down Ride"!

**Trade-mark and patent pending.

TODAY'S THE DAY!

The day to see the gorgeous Hudsons for 1950 that bring you a fresh motoring experience—"The New Step-Down Ride"—at sensational lower prices on every Super and Custom Commadore model. This is the ride that cradles you in the lowest-built car of them all!

You instantly see that these New Hudsons have the lowest center of gravity in any American automobile—and as a result, you know instinctively, as you view them, that they hug the road more tenaciously and are therefore America's best-riding, safest cars!

You quickly see, too, that these low-built Hudsons for 1950 have full road clearance and more head room than in any mass-produced car built today—thanks to "step-down" design with its recessed floor!

And amazing head room is only one kind of spaciousness you'll find in these great cars! Through "step-down" design and ingenious use of space that is wasted in other makes, these new, streamlined Hudsons of normal exterior width bring you seat cushions that are up to 12 inches wider than those in cars of greater outside dimensions.

In fact, when you try "The New Step-Down Ride", you'll find the New Hudson has more inside room than any other car, at any price!

You'll thrill to the get-up-and-go performance of your choice of two of the greatest engines in a long line of great Hudson engines—the high-compression Super-Six, America's most powerful Six, or the even more powerful high-compression Super-Eight!

But these are only a few of the great features of "The New Step-Down Ride" that mean more value at less cost. There are more, so many more that the only New Hudsons for 1950 have for you is to come in, try them yourself. May we expect you soon?

Available with Hudson's exclusive **SUPER-MATIC DRIVE†**

†Optional at extra cost.

Williams And DiMaggio Earn More Than Nine Highest-Paid Dodgers

Branch Rickey Watches Money

Dodgers Win Despite Low Salaries; Team To Beat This Year

By LAWTON CARVER
(National News Service Sports Editor)
NEW YORK, Feb. 10.—The trouble with baseball is that fellows like Tom Yawkey, owner of the Boston Red Sox, and the Dan Topping-Del Webb combination operating the New York Yankees give away too much money to their players.

Take Branch Rickey, for instance, who runs the Brooklyn Dodgers. There is a man who has a way with a dollar.

Brother Rickey will field an entire team next season for less of a payroll than the combined salaries of only Ted Williams, Red Sox, and Joe DiMaggio, Yankees.

Lot Of Moles
If estimates are correct, Williams' contract calls for more than \$100,000—and perhaps as much as \$125,000. DiMaggio will scrape off \$100,000 from Yankee gleamings, making an aggregate for the two of at least \$200,000.

The nine highest-salaried men with the Dodgers will cost the club a maximum of \$200,000, and probably about \$150,000 less.

This array for the National League champions will include one of the best batteries in baseball, Don Newcombe and Roy Campanella, and also Ralph Branca, who is rated among the better Dodger hurlers, although he sometimes falters badly.

Lineup also will include the National League batting champion, Jackie Robinson, second base, who with Pee Wee Reese at shortstop gives the Dodgers one of the best infield combinations in the game—maybe the best.

No Big Salaries
Newcombe is supposed to be getting about \$13,000. Branca around \$20,000 and Campanella, the best catcher in baseball, around \$15,000 tops.

Robinson and Reese are up in the stratosphere with salaries somewhere in the vicinity of \$30,000 or \$35,000, give or take a few boffs.

The rest get as little as possible. On this situation, there are what might be called two distinct schools of thought. One holds that Williams and DiMaggio are overpaid, and the other that the Dodgers are underpaid. You may take your choice.

Dodgers Plugging
One obvious fact is that poorly paid or otherwise, the Dodgers will be the team to beat for the National League pennant, and this may go to prove that as Williams and DiMaggio are overpaid, the Dodgers are underpaid. You may take your choice.

May be both are correct.

East Brook, Wampum Clash Tonight In Important Tilt

All the big fuss about Section 24 basketball comes to a climax tonight when league leading Wampum meets second place East Brook at East Brook.

The reserve teams of the leading contenders play at 7 o'clock. A win for Wampum (7-1) will give the high-scoring Indians a pretty clear shot at the sectional title and a chance to enter the playoffs. An East Brook (7-2) win would put the Eagles temporarily ahead by a half-game with the strong possibility remaining that the loop would end in a tie and a third game between these rivals be scheduled.

Prestige Battle
Almost as important as the league position at stake is the "prestige" involved tonight. One of East Brook's two losses was a 45 to 36 setback at Wampum. The game was played during the humid weather when the Indian hardwood was damp and slippery for at least part of the game. East Brook protested the game to the WPIAL decisions committee but the bid for a replay was rejected.

Not "Cricket"
Eagle followers have the feeling that everything wasn't exactly cricket in that game and want the chance to prove that their team is superior. With the natural advantage of the home floor the East Brook passers may prove something but the final say could be determined only on a neutral floor, unless Wampum should win.

Most Jackson must defeat Union tonight at Mt. Jackson to maintain the Mountie title hopes. Bessemer travels to the lair of the Shemungo Wildcats.

Titans-Bisons Clash Saturday
Westminster Looks For Tough Battle At Bethany Court

Westminster's Towering Titans will be in Bethany, W. Va., Saturday where they meet the Bethany college Bisons in a pair of games. Varsity play is scheduled for 8:30 p. m., following a preliminary between the Jayvee squads of the two schools.

Saturday's main event will be the return game of a home-and-home arrangement. Coach Grover Washburn's Titans wallowed the Bisons, 89-52, at New Wilmington Jan. 14.

See Close Game
Pre-game predictions point to a closer score in Saturday's get-together. Two Westminster players who saw plenty of action during the first half of the Titan schedule will be out of action Saturday. Regular guard Jerry Hyder is out for the remainder of the campaign for scholastic reasons while forward Ed Halas, injured during the Thiel-Westminster game Feb. 1, will be sidelined at least for another week.

Saturday's hosts grabbed a pair of wins last week-end, over Hiram (75-53) and Geneva (70-61). The two victories gave the Bisons a record of six wins and two losses in their new gym.

Titans Rated 31st
The Titans were rated 31st in the nation in one widely-read poll early this week. But they had to break loose with a 30-point scoring spurt in the final quarter to subdue Grove City, 76-51, Tuesday night.

Not until the final canto, with Pat King and Dick Fuhrer leading the parade, could the Washburnmen pull away from the Grovers. Until the fourth period the Grove City five was very much in the game.

New Castle A.C. Trips Brookers
New Castle A. C. defeated the East Brook Brookers last night at Franklin floor, 35 to 29.

The winners led at the half, 23 to 13. Sasiador and Bruce were high for New Castle, and Book captured scoring honors for the Brookers.

Mt. Jackson Faces KayPees Saturday

Mt. Jackson Indies play host to the K. Pulaski quintet Saturday on the Mt. Jackson High court. The Indies took the first game in the series with the KayPees in a thriller, 52 to 51.

Bill Emery and the powerful group of Montie alumni will attempt to stop the high-scoring antics of Mike Covelli, Ed. Novotne and Dick Hamilton in the important K. P. Cubs meet the VFW five in a seven o'clock prelim.

Grid Foes Meet On 'Cane Court
Red-Hot Aliquippa Faces Local Cagers

Aliquippa High basketball team has an excellent chance to gain some sweet revenge for the past grid season at George Washington Junior High gym tonight.

The defending state champions meet the New Castle High passers and both lineups are loaded with rival participants in the important grid duel staged here last fall.

Sam Milanovich's Indians are currently riding a three-game winning streak in league play which include victories over pre-season favorites, Ambridge and Sharon. They still have a remote chance of repeating as winners in the section and mean to keep those possibilities alive tonight besides rubbing it in a little on the team that cost them a playoff spot in WPIAL football.

Dom Stala, Aliquippa's leading scorer with 102 points in eight games, was the line bucking full-back who gave the Red Hurricane so much trouble at Taggart stadium. Ralph Greco trails Stala in points with 78. He was the quarterback. Rich Billinglea, fleet colored halfback injured in the grid game here, teams with Stala at forward and is third in team scoring with 66.

They will be opposed by Dick Lewis, Ray Latsko and John Samone, varsity members of the New Castle High football champions. The reserves of the two schools meet at 7 o'clock.

Elsewhere in section three, Ambridge tangles with league-leading Farrell on the big Steeler hardwood. Farrell tasted defeat for the first time Tuesday at Altoona, but still appears to be the choice for the sectional crown. Ambridge has showed signs of weakening in recent games.

Beaver Falls moves into Ellwood City. Neither team is going anywhere but will be trying to keep from joining New Castle in the cellar.

Optimist Tournament Dates Are Changed
Dates for the fourth annual Optimist club basketball tournament have been tentatively changed from the week of February 20 to March 1, 2, 3, 4, 6 and 7. It is announced by Dick McKean, general chairman of the basketball committee.

These new dates for the tournament will not be official until they are approved by the New Castle school board, it is announced.

The basketball committee, composed of Dick McKean, Dale Clobus, Sam Frank, Gus Slovinsky, Tom Gettings, Rocco Viggiano, Don Rae and Len Gilbert, will draw up the tournament eligibility rules and other tournament regulations in the very near future.

Kennedy Meets Dutch Howlett On Mat Tonight

Expect 1,200 Fans To See Matmen In Three Matches Here

Irish Jack Kennedy who pinned Jack Corbett's shoulders to the mat in his first "rasslin" exhibition here, will grapple with Dutch Howlett, the Ladies' Idol, in a 60-minute limit, or one fall exhibition, at 8:30 p. m. tonight, in The Arena. It will be the feature of a three-exhibition docket.

In his debut, Kennedy displayed all the ear-marks of a mat profligate and fans howled derisively whenever they considered he used unorthodox tactics to defeat Corbett, which he finally accomplished.

Having been substituted for Suni Warcloud, who was hurt in a recent bout, Kennedy has now embarked in a main bout role, but he will need better than good to defeat the 64 and 226 pounds Howlett.

Although termed the 'Ladies' Idol' because of his Beau Brummel attire, debonair manner, suave tongue and Adonis-like physique, Howlett does not remind one of a wrestler who can be shoved around, without retaliation.

Excitement Expected
The Australian tag, which may be likened to a bar-room brawl, may pitch some into a frenzy, and others into a hilarious state, because of its fast action which often takes on a burlesque hue.

Skagway Clements, the coon-cap wearing Alaskan, tackles Pierre LaBelle, the Flying Frenchman, hence there'll be displayed flying mares, airplane spins, drop kicks and other brawling tactics, such as slugs.

Clements will be "sided" by Dennis Clary, and LaBelle, by Flash Clifford. Jim Lewis will grapple in a 30-minutes match against Rough-House Pancho Valentino, who is liked as much as measles.

Indications point to an audience of at least 1,200. The Jefferson A. C. is staging the promotion under state supervision.

Harold Johnson May Never Fight Again

PHILADELPHIA, Feb. 10.—(INS)—Husky Harold Johnson's ring future depended today upon the findings of a medical panel investigating the history of a back injury which forced the 22-year-old fighter to collapse during a bout.

Johnson, promising 180-pounder, plunged to the canvas without being hit by Jersey Joe Walcott, the ageless Camden, N. J., heavy-weight who twice failed to win the title from Joe Louis.

Examinations at Presbyterian hospital disclosed the injury as either a dislocated disc in the spine or a separation of the sacroiliac.

Purses Released
State athletic commissioner John Dagrosa released both fighters purses following a hearing Thursday afternoon. Dagrosa said it was "obvious what happened", but the hearing was conducted as a "protection for the fans".

He declared that the commission will revoke Johnson's license and retire him from the ring if the back injury is found to be a chronic condition. Johnson drew nearly \$5,000 as his cut of the gate, while Walcott earned \$9,600.

Johnson Signs
Don Newcombe, 1949's rookie of the year and regarded as one of baseball's potential right-handers, is the prize catch in today's addition to the signed ranks of New York players.

The big fireballing Brooklyn Dodger pitcher signed his 1950 contract for a reported \$13,000 yesterday, a raise of \$5,000 over last year.

Johnson Signs
Necombe played a prominent part in Brooklyn's pennant triumph, winning 17 and losing 8 last season.

The Yankees signed righthander Don Johnson, the pitcher they wanted to trade until they discovered everybody wanted him.

And the Giants came up with the signed contracts of first baseman Roy Zimmerman and catcher Sam Calderone.

RIFLE CLUB TO MEET
The New Castle Rifle club will stage a practice shoot at the armory range at eight o'clock tonight, it was announced by Secretary Paul Carrigan.

Softball Officials To Meet Wednesday

Proceeds To Benefit School Safety Patrol

A basketball doubleheader to benefit the School Safety Patrol will be staged at George Washington Junior High February 22.

All proceeds will be used to buy new equipment for the guardians of the grade school children at traffic intersections. These people, men and women, are on duty morning, noon and night to safeguard the little ones.

It is not the plan to secure sufficient funds to buy new uniforms, but the sponsors want to raise enough money to buy some simple equipment such as hats, a Sam Browne belt, and whistle.

The games feature top-flight basketball teams from this area. In the opener, Shenango "Y" tangles with the East Brook Boosters. The powerful Beaver Falls Legion will meet Hank's in the nightcap.

Play Rockets Tonight
Hank's have merged as one of the stronger teams of the district and should offer the ex-legion champs a good game.

Hank's lost another tough assignment tonight. The local winners of 19 straight basketball games play the Slippery Rock College freshmen in a preliminary to the Penn-Rocket contest.

Hank's have lost only one game this season out of 21 engagements and that loss was to the Green Frosh. Sweet revenge as well as another win to the victory string will be the motive tonight.

Penn 14, Army 0, But It's Flu Germ

PHILADELPHIA, Feb. 10.—(INS)—A little like influenza can't keep fidgety George Munger, Penn football coach, from figuring out football plays.

Munger, whose red and blue eleven dropped a 14-13 heart-breaker to Army last season, had a 102 degree fever but called associates by phone and told them: "I've figured out a way to score two touchdowns against Army next season. And we'll kick both extra points."

BOWL MONACA TONIGHT
Elliott Stealers' bowl Monaca at Castle Alleys tonight in a Women's Tri-County league match. Last week Rose Mooney, Stealers captain, was high for three games with 462.

Valo, the husky Palmerton, Pa., outfielder who delivered some 40 off-season speeches and traveled nearly 7,000 miles in behalf of the A's, predicted the club has its best chance of winning the pennant since he joined it in 1940.

The hard-working outer-gardener, who has a habit of smashing into fences and walls in pursuit of fly balls, said he was satisfied with his 1950 salary. Terms were not disclosed.

Valo was one of the A's top hitters last season, driving in 85 runs on an average of .283.

Gavilan-Graham Battle Tonight

NEW YORK, Feb. 10.—(INS)—In-again-out-again Kid Gavilan, fiery Cuban welterweight, fights New York's Billy Graham in the ten-round feature at Madison Square Garden tonight, with a title shot at champion Ray Robinson supposedly awaiting the winner.

For Gavilan, a newlywed, this will be his first fight since Dec. 17. Graham is making his 95th start with only five losses on his record.

Nevertheless, the Cuban rhumba dancer rules a heavy favorite over Graham, who is known to be a clever boxer with a weak punch.

Elmer Valo Signs Athletics' Contract

PHILADELPHIA, Feb. 10.—(INS)—Hustling Elmer Valo, the A's goodwill ambassador on the winter banquet circuit, today became the 29th member of the 1950 Mackmen to return his signed contract.

Valo, the husky Palmerton, Pa., outfielder who delivered some 40 off-season speeches and traveled nearly 7,000 miles in behalf of the A's, predicted the club has its best chance of winning the pennant since he joined it in 1940.

HERE and THERE IN SPORTS LAND

WHEN THE AERO GAME FEEDING CLUB drops corn to deer and other wild game in the Big Woods, Sunday, it is anticipated that 1,000 bushels will have been given by Lawrence County Outdoor sports organization and farmers, according to Del Porter, a vice president of the game feeding club. Thursday more than 700 bushels had been contributed.

According to Mr. Porter, corn, or monetary donations with which to purchase corn, have been given by organizations in Lawrence County.

Oakland Sportsmen, Mahoning Sportsmen and the Enon Valley Rod and Gun club contributed corn. The Lawrence County Sportsman's association, and the West Pittsburg Rod and Gun club contributed money with which to procure corn.

The corn will be loaded Saturday on a truck and trailer and hauled to Black Marshan airport, Sunday.

A DC3 from Akron, a C47 from the State Aeronautical Bureau, and two National Guard planes will carry sportsmen to the airport. In addition, there will be many other smaller planes take off from the Municipal airport, each of which will carry sportsmen. The Aero club has invited planes from all western Pennsylvania and eastern Ohio airports to participate in the movement, and every plane which carries sportsmen will be provided with gasoline and oil.

At 7:30 a. m. Sunday, an auto caravan in charge of Bylius Latshaw of Mahoning Sportsman's club, will depart for Black Marshan airport.

Despite the absence of heavy snows deer and other wild game are in need for food. The corn will be loaded into the planes at the Marshan airport and dropped where herds of deer, wild turkeys and other game can find it.

Grunts and groans will echo in The Arena tonight where three "rasslin'" exhibitions will be staged. . . Pugilistic aspiration of Young Higgins, who fought here and in Ellwood City, was checked in less than a round recently by the veteran Burley, at Pittsburgh. . . Report is that Joe Rick has purchased a good looking colt. . . A top of \$16.50 is being charged for the Ez Charles vs. Charlie Beshore bout in Buffalo's Auditorium, February 28. In order to bolster the match, the press agent says that, in the 13 times, the heavyweight title has changed hands since John L.'s time, 11 "long shots", of whom Beshore is one, have come through with victory. . . Shenango Valley Beagle club banquets Saturday night. . . State Game Commission at its April meeting will consider the proposal that the old Jordan farm be converted into a rabbit propagation project. . . In his younger day, Bob Meermans was quite proficient as a grappler. . . Should you recall the night the late Mayor A. D. Newell stopped an Opera House wrestling match because he didn't believe it was on the level, you're in the gray-haired division. . . Fighters must have strong hands. Some continually press a small rubber ball to strengthen them. No one ever saw a farmer who milked a dozen or more cows, twice daily, with weak hands or wrists. . . It would be a difficult task to clean out the old Cement dam, and prove costly, and it would fill again," says a man connected with the fish commission. He also added the commission does not do that kind of work. . . To err is human, the writer wrote yesterday, calling attention to a yarn by Bill Corum which said Johnny Kilbane was reared in Youngstown, instead of Cleveland, after which Here & There added Kilbane won the title from Abe Attel on "Washington's birthday, February 12", when it should have been February 22. Is our face florid? Sure is.

Lakers Stretch NBA Leadership

(By International News Service)
Minneapolis stretched its central division lead in the National Basketball Association to a game and a half when they crushed Washington last night 71 to 59.

The division's second place entry, Rochester, was idle.

Anderson Wins
The western division leader, Indianapolis, was tripped by Anderson, 107 to 76. The win enabled Anderson to climb within one and one-half games of the top.

In another high-scoring tilt, Sheboygan scored 104 to 82 win over Tri-City.

LEPORES ON TOP
Lepores defeated the Yankees 41-40 Thursday to take over first place in the senior city Recreation league. C. Perrotta and Costella scored nine apiece for the winners. Gatreanta hit for 15 points for the losers.

Pittsburgh Pirates Will Go After Another California Pitching Star
Pittsburgh, Feb. 10.—(INS)—The Pittsburgh Pirates reported a probable change in plans for \$100,000 bonus pitcher Paul Pettit today and simultaneously revealed they are interested in another California bonus prospect.

Pettit, according to Pittsburgh press reports, probably will be sent to Charleston, S. C., in the Class A Sally League for his year of minor league experience.

Pirate Manager Bill Meyer is quoted as saying "few men know more about instructing young pitchers" than Truett (Rip) Sewell who will manage the Charleston club this season.

Previously, the Buccos had announced Pettit, a lefty, would play with New Orleans in the Class AA Southern Association.

Pittsburgh definitely is interested in young Frank Fallowell of Wilson high school in Long Beach, Cal. He, too, is a left-handed pitcher.

Seven major league clubs, including the New York Yankees are reported to have agents in the vicinity. None are permitted to talk with Fallowell until he is graduated from high school next June.

The Sun-Telegraph speculates that Fallowell may receive more than \$100,000 in bonus cash when he signs with a major league club.

Debate Teams Going To Kent

Westminster Debaters To Share Tournament

Four Westminster college debate teams will leave early Saturday morning to participate later in the day in the annual Buckeye State tournament to be held at Kent State, Kent, O.

The Westminster squad, accompanied by debate coach Melvin P. Moorhouse, will enter two men's and two women's teams in a four round decision bout. The subject will be the "Nationalization of Basic Industries". Last year Westminster was undefeated in the same tournament.

Tuesday the men's team from Westminster will play host to a team from Gettysburg. The meet will be held at 7 p. m. in the college Little Theater.

Making the trip to Kent Saturday are: Marian Brodbeck, Ellwood City; Dorothy Foster, Marlinton, N. J.; Robert Patton, New Castle; Frank L. Jones, Clairton; Ruth Anderson, New Wilmington; Ellen Rutherford, Washington, Pa.; Basil Messina, Lowellville, O., and Franklin T. Jones, Butler.

Discount Reports Duke To Make Home In England Again

MEXICO CITY, Feb. 10.—(INS)—The Duke of Windsor threw cold water on a published London report that he and his American-born duchess will establish a permanent home in Britain because she has been "accepted" by the British royal family.

The report was published by a columnist of the London Evening Standard.

It said that there are no further grounds for the duchess' previous fears that her presence in England would be embarrassing to herself and the duke's relatives.

In reply to a message sent by International News Service to the duke at the Rancho Acuna near Tampico where the couple is vacationing, he said:

"No truth whatsoever in the report."

The telegram was delivered by the National Railways system since the ranch, owned by Clint Murchison of Dallas, Tex., is cut off completely from all regular means of communication.

Contracts Let For State Test Borings

HARRISBURG, Feb. 10.—(INS)—The General State Authority today awarded the following contracts for test borings at state institutions:

Allegheny county—Sprague & Henwood, Inc., Scranton, \$680, for a proposed building for female senile patients at Woodville state hospital, and Pennsylvania Drilling Co., Pittsburgh, \$4,454, for boiler plant and steam tunnels, Dixmont state hospital.

Butler county—Sprague & Henwood, Inc., Scranton, \$2,328, new steam heating plant at Slippery Rock State Teachers college.

The Eiffel tower in Paris was opened Nov. 6, 1889.
